## Preschool Screening

**What is Preschool screening?** Preschool screening is a very simple assessment process that provides information about a child's development and identifies possible areas of weakness. Trained personnel administer simple standardized tests that look at large motor, small motor, basic skills, and language development.

**Who is eligible?** Children residing in Auburn, who will be three on or before September 1, 2021, and have not yet entered Kindergarten, are eligible for Auburn's Preschool Screening Program. No parent is required to have his or her child screened, but parents with questions or concerns about their child's development should call to make an appointment. Children grow and change a great deal in a year's time, and we are happy to screen.

**by appointment only**

To be put on a screening list please call Kate Flynn at  
508-832-7752

**Please share this information.** Even if your family is not eligible or has no need for Preschool screening, you can help a friend or neighbor who might need this service by telling them about Auburn's Preschool Screening.
