

Virtual Connections Academy has been an important resource for our district in meeting the needs of students who are unable to participate in traditional schooling due to health needs or severe anxiety issues. The sensitivity, creativity and flexibility of the VCA team has greatly benefited many of our students and families, and we have appreciated the VCA team's ability to identify and accept students who will successfully derive benefit from their services. In addition, the VCA team does a fantastic job of maintaining ongoing communication with district and families. - District Partner

The team at VCA truly goes above and beyond. I have personally witnessed great success for students in their program! Keep up the great work! - District Partner

I truly appreciate the flexibility, creativity, patience and dedication of your team. Thanks for all you do to meet the needs of students who cannot attend traditional school programming! - District Partner

VCA staff have made it possible for one of my students to return to her home school. I believe this is because VCA has provided consistent weekly feedback. Communication has made this student's journey one of success. I appreciate the dedication the staff have shown me. - District Partner

I feel the staff at VCA that has implemented my son's program has done an outstanding job. Their dedication and patience with difficult academic situations make me support individualized education plans for students. I'm a teacher also and have a soft spot for students that don't fit in the mainstream. Your program not only has my son participating, but has goals to finish, where prior to entering the program, he was on a path in the opposite direction. - VCA Parent

The team at VCA has been exceptional! They are very patient with both my son and me. VCA provides great counsel and an excellent learning environment. VCA has been a game changer for my son! - VCA Parent
