

South Campus utilizes educational, therapeutic, family and community connections to promote academic achievement and personal/emotional growth. Our staff is fully committed to helping each student make progress and develop the skills necessary to succeed at their public school and in their adult life. The environment is based in a positive nurturing model where “natural consequences” for behaviors are frequently utilized. Our agency and staff value teamwork, positive energy, education, and passion for promoting children’s success. The ideal candidate is action-oriented, identifies and seizes opportunities, exemplifies poise and professionalism, is creative and flexible, and has unwavering ethical and moral judgment and behavior. Our leaders strive to create a climate in which individuals are driven to do their best using each other as the motivation and inspiration for excellence. This is an excellent opportunity for those who want to gain knowledge and experience in the fields of special education and mental health with an organization that is a leader in the field. We offer a competitive salary, benefits and tuition reimbursement to further your degree.
