A student other than a veteran or member of the Armed Forces shall receive instruction in the area(s) of deficiency until such time as the instructor certifies the student to be proficient in the failed section(s). A veteran or member of the Armed Forces may receive instruction if the individual desires.

A student may not be retested before 30 days have elapsed since the student last tested.

Retesting shall be performed on a form of the test different from the one originally used in testing. No form may be used a second time. If more than one test is being repeated by a student, all retests shall be on the same form.

The Louisiana Community and Technical College System (LCTCS) will retain records of a student's unsuccessful attempts to pass the GED Test for only five years following the individual's last attempt to pass the test according to the regulations approved by the governing bodies of the American Council on Education. The student must retest on all five sections of the GED Test, should the five years elapse.

The student shall score a minimum of 410 on each of the retested sections and an overall average standard score of 450 on all five tests.
