LCTCS FACILITIES CORPORATION

Minutes of the LCTCS Fac Corp Bd of April 13, 2017
approved on May 18, 2017

V. Discussion and Authorization for the Negotiation and Execution of Restructured Administrative and Management Services Contracts for Act 391 and Act 360

Director Smith reported to the Board that the Act 391 projects will soon be complete. Then, the Act 391 program administrative and management contract fees will be reduced to account for the required services and activities necessary to complete projects in process and perform required activities until the final maturity of the bonds.

The Act 360 bond program has sold bonds for Phase I of the program. The current fiscal environment has caused unanticipated delays in proceeding with future bond sales. As a result, there is a need to restructure the administrative and management contracts so as to not materially increase the cost of the program, while allowing capacity to restart services if and when a future Act 360 bond sale occurs.

On motion by Director Thibodeaux, and seconded by Director Boissiere, the Board voted to authorize the Chair to negotiate and execute restructured contracts for CSRS and UPC. The motion carried.
