SK 9/20/17
LCTCS BOARD OF SUPERVISORS

TO: Dr. Monty Sullivan
LCTCS President
THROUGH: Dr. René Cintrón
Interim Chief Academic Affairs Officer
FROM: Dr. Adrienne Fontenot
Director of Adult Learning and Educational Programs
DATE: August 24, 2017
SUBJECT: Review and Advisement: Revision to LCTCS Policy #1.024
"New Program Requests and Curriculum Modifications"

FOR REVIEW AND ADVISEMENT

Recommendation: Staff recommends that the Board receive for review and advisement the attached revisions to LCTCS Policy # 1.024 "New Program Requests and Curriculum Modifications" including a change of name to "Requests for Programs: New, Modifications, and Adoptions."

Background: In accordance with recent changes to certifications and at the request of the Chief Academic Affairs Officers, Policy #1.024 has been updated to reflect updates to the Technical Competency Area (TCA). Board of Regents Academic Affairs Policy 2.15 creates replaces the TCA with the Career and Technical Certificate (CTC). Unlike the TCA, the new CTC will be recognized by the BOR.

In a continued effort to meet student and workforce needs, the policy update allows for the inclusion of embedded Industry Based Credentials (IBCs), program adoptions by another LCTCS College, and course equivalencies that are accepted from other colleges:

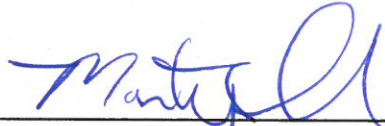

- Embedded IBCs within each course or course sequence will be identified, allowing for academic and workforce faculty to jointly map curriculum.
Programmatic Adoptions include those that have been previously approved by LCTCS and will be searchable within the new online curriculum library.
Course Equivalencies from other LCTCS colleges will be easily identifiable within the curriculum library.

A new means of collecting programmatic additions, modifications, and adoptions has been developed. The online LCTCS Curriculum Library will house searchable program information, curriculum sequences, faculty information, and other programmatic documents.

Fiscal Impact: N/A

History of Prior Actions: The current policy is the original policy approved December of 2001.

Benefits to the System: If approved, revisions to Policy #1.024 will update the process that colleges use to create, adopt, or modify curriculum making it more efficient and streamlined.

Approved for Recommendation to the Board
Dr. Monty Sullivan

LOUISIANA COMMUNITY & TECHNICAL COLLEGE SYSTEM
Policy # 1.024

**DRAFT REVISIONS Title: REQUESTS FOR PROGRAMS: NEW,
MODIFICATION, AND ADOPTION**

Authority: Board Action

Original Adoption: December, 12, 2001

Effective Date: December, 12, 2001

Last Revision: Initial

Policy Statement

Curricula originates from the colleges. Creation of new curricula must be justified on the basis of the needs and opportunities of the state, region, industry, and students served by the college. In determining the curricula to be offered in the LCTCS, the Board of Supervisors shall take cognizance of the varying needs of the communities served throughout the state of Louisiana and the substantiated requests of interested industry, students, and other stakeholders.

Scope

The policy addresses requests made by LCTCS institutions for program approvals when dealing with new programs, modifications to existing programs, changes in delivery method, and adoptions of existing curriculum. These requests occur after college governance processes have occurred.

A new program that includes content in a discipline or field not currently offered by the institution requires approval as a new programs and the associated National Center for Education Statistics (NCES) Classification of Instructional Programs (CIP) code. The standard number of hours for an associate degree is 60. In some situations (e.g., accreditation requirements), hours may range from 60-72. Any modification that increases required hours for an associate degree to more than 60 must be approved by the LCTCS Board of Supervisors.

All future curricula submissions shall include Industry Based Credentials (IBCs) that are embedded within program of study and any course equivalencies the curricula will accept from other LCTCS colleges.

Colleges shall complete the LCTCS REQUESTS FOR PROGRAMS: NEW,-MODIFICATION, AND ADOPTION form for review and consideration.

New Programs

All LCTCS institutions proposing new programs that lead to the awarding of a(n) associate degree, diploma, or certificate shall submit proposals to the LCTCS for study and recommendation to the

LCTCS President and LCTCS Board of Supervisors. The LCTCS Board of Supervisors must approve for LCTCS institutions all new programs.

The Louisiana Board of Regents (BOR) must ratify the approval of all associate degrees, Certificate of General Studies (C.G.S.), and Certificate of Applied Studies (C.A.S.) at its next regularly scheduled meeting following approval by the LCTCS Board of Supervisors. The Technical Diploma (T.D.), Certificate of Technical Studies (C.T.S.) and Career and Technical Certificate (C.T.C.) do not require ratification by the Louisiana BOR. Upon approval by the LCTCS Board of Supervisors, all programs require reporting to the Louisiana BOR for addition to the Curriculum Inventory (CRIN).

Modifications

In order to enhance the System's responsiveness to business and industry and to each college, curriculum or program modifications (including extensions of existing programs to an off-campus site) that impact/involve a departure from the original curriculum of less than 25% of the coursework do not need to submit program modification requests to the LCTCS. Curriculum modifications requiring changes to 25% or more of the coursework should be submitted to the LCTCS.

Program modifications that involve a percentage of a program being delivered via distance education must submit proposals to the LCTCS for study and recommendation to the LCTCS President and LCTCS Board of Supervisors. The Louisiana Board of Regents (BOR) must ratify the approval of all programs that change in distance education delivery. The types of delivery are traditional (< 50%), hybrid (50% < 99%), and distance education (100%).

Adoptions

In response to business and industry as well as regional demand, colleges are allowed to adopt other curriculum that has been approved by the LCTCS President and LCTCS Board of Supervisors as long as the following conditions are met:

- 1) The college offering the program follows the curriculum with no variations; and
- 2) The college offering the program notifies the LCTCS by completing a curriculum adoption request.

Adoption of a program shall be reported to the Louisiana Board of Regents (BOR) and any approvals needed beyond the LCTCS Board of Supervisors may still be necessary.

Approval

New Programs, Modifications, Distance Education Delivery Methods, and Adoptions that are approved by the Board of Supervisors may require the approval and/or recognition by the Louisiana Board of Regents and accreditation bodies such as the Southern Association of Colleges and Schools Commission on Colleges and the Council on Occupational Education as well as programmatic accreditations.
