REQUEST FOR PROPOSAL
Automated Recruitment, Onboarding,
Employee Evaluation, and Development System
FOR
The Louisiana Community and Technical College System

PART I: ADMINISTRATIVE AND GENERAL INFORMATION

1.1 Purpose

The purpose of this Request for Proposal (RFP) is to obtain competitive proposals as allowed by Louisiana Revised Statute 39:1595 from bona fide, qualified Proposers who are interested in providing a contractor hosted automated recruiting, onboarding, employee evaluation and development system.

1.2 Background

The Louisiana Community and Technical College System (LCTCS) is one of the fastest growing two-year college systems in the nation in terms of production. LCTCS is composed of twelve (12) community and technical colleges with over 5,000 full-time and part-time employees throughout the State of Louisiana. Each institution varies in size but plays a vital role in preparing students to incorporate new knowledge and new technologies into their daily lives.

Budget restraints in recent years have yielded less staff and longer process times in recruitment, onboarding, evaluation, and development of one of the most vital assets to LCTCS, the faculty and staff. LCTCS seeks to develop consistent recruitment, onboarding, evaluation, and development practices without compromising the autonomy and uniqueness of the individual colleges.

LCTCS Human Resource Offices and hiring managers face many challenges in recruiting the best and brightest. It is essential for candidates to view available positions system wide and apply online for such positions. It is also important that the Human Resource Offices and hiring managers have a tool that can cull through many applications and provide a list of eligible candidates. This solution shall also allow candidates to see their recruitment status throughout the hiring process.

During peak times, there is an increase in hiring which requires sensitive paperwork to be completed correctly and timely. Due to the availability of staff and critical time constraints at the beginning of a semester, lag times may result in processing payroll and benefit enrollments while continually meeting with employees.

Current employees are valued and the automation of the evaluation and development process for each can provide valuable real time feedback and growth.

An automated recruitment, onboarding, evaluation, and development system can alleviate the current manual processes and provide real time service to applicants and employees.

1.3 Goals and Objectives

LCTCS seeks to enter into a single system contract for recruitment, onboarding, employee evaluation and development. This hosted system should have the ability to manage and track all aspects of recruitment and onboarding of new hires, and to provide an automated process for employee evaluations and development for existing employees. This shall be configured to allow flexibility and uniqueness of each college and to integrate with Banner.

1.4 Term of Contract

The term of any contract resulting from this solicitation shall be for an initial period of thirty-six (36) months, unless otherwise terminated in accordance with termination provisions of the Contract. At the option of LCTCS and acceptance of the Contractor, the contract may be extended for an additional twenty-four (24) month period at the same prices, terms and conditions. Total contract time may not exceed sixty (60) months.

Prior to the extension of the contract beyond the initial thirty-six (36) month term, prior approval by the Joint Legislative Committee on the Budget (JLCB) or other approval authorized by law shall be obtained. Such written evidence of JLCB approval shall be submitted to extend contract terms beyond the initial thirty-six (36) month term. The total contract term, with extensions, shall not exceed sixty (60) months. The continuation of this contract is contingent upon the appropriation of funds by the legislature to fulfill the requirements of the contract.

Each Proposer is solely responsible for the accuracy and completeness of its proposal.

1.11 Confidential Information, Trade Secrets, and Proprietary Information

The designation of certain information as trade secrets and/or privileged or confidential proprietary information shall only apply to the technical portion of the proposal. **The financial proposal will not be considered confidential under any circumstance.** Any proposal copyrighted or marked as confidential or proprietary in its entirety may be rejected without further consideration or recourse.

For the purposes of this procurement, the provisions of the Louisiana Public Records Act (La. R.S. 44.1 et. seq.) shall be in effect. Pursuant to this Act, all proceedings, records, contracts, and other public documents relating to this procurement shall be open to public inspection. Proposers are reminded that while trade secrets and other proprietary information they submit in conjunction with this procurement may not be subject to public disclosure, protections must be claimed by the Proposer at the time of submission of its Technical Proposal. Proposers should refer to the Louisiana Public Records Act for further clarification.

The Proposer shall clearly designate the part of the proposal that contains a trade secret and/or privileged or confidential proprietary information as “confidential” in order to claim protection, if any, from disclosure. The Proposer shall mark the cover sheet of the proposal with the following legend, specifying the specific section(s) of the proposal sought to be restricted in accordance with the conditions of the legend:

“The data contained in pages ____ of the proposal have been submitted in confidence and contain trade secrets and/or privileged or confidential information and such data shall only be disclosed for evaluation purposes, provided that if a contract is awarded to this Proposer as a result of or in connection with the submission of this proposal, the State of Louisiana shall have

the right to use or disclose the data therein to the extent provided in the contract. This restriction does not limit the State of Louisiana's right to use or disclose data obtained from any source, including the Proposer, without restrictions."

Further, to protect such data, each page containing such data shall be specifically identified and marked "CONFIDENTIAL".

If the Proposer's response contains confidential information, the Proposer should also submit a redacted copy of their proposal along with their original proposal. When submitting the redacted copy, the Proposer should clearly mark the cover as such - "REDACTED COPY" - to avoid having this copy reviewed by an evaluation committee member. The redacted copy should also state which sections or information has been removed. The proposer should also submit one (1) electronic redacted copy of its proposal on a CD or USB flash drive. The redacted copy of the proposal will be the copy produced by the State if a competing proposer or other person seeks review or copies of the Proposer's confidential data.

If the Proposer does not submit the redacted copy, it will be assumed that any claim to keep information confidential is waived.

Proposers must be prepared to defend the reasons why the material should be held confidential. By submitting a proposal with data, information, or material designated as containing trade secrets and/or privileged or confidential proprietary information, or otherwise designated as "confidential", the Proposer agrees to indemnify and defend (including attorney's fees) the State and hold the State harmless against all actions or court proceedings that may ensue which seek to order the State to disclose the information.

The State reserves the right to make any proposal, including proprietary information contained therein, available to OSP personnel, the Office of the Governor, or other State Agencies or organizations for the sole purpose of assisting the State in its evaluation of the proposal. The State shall require said individuals to protect the confidentiality of any specifically identified proprietary information or privileged business information obtained as a result of their participation in these evaluations.

Additionally, any proposal that fails to follow this section and/or La. R.S. 44:3.2.(D)(1) shall have failed to properly assert the designation of trade secrets and/or privileged or confidential proprietary information and the information may be considered public records.

1.12 Proposal Clarifications Prior to Submittal

1.12.1. Mandatory Pre-proposal Teleconference

A mandatory pre-proposal teleconference will be held on October 4, 2019 at 2:00 p.m., (877) 810-9415, Access Code 6499147#. The purpose of the teleconference shall be for proposers to obtain clarification of the requirements of the RFP and to receive answers to relevant questions.

Although impromptu questions will be permitted and spontaneous answers will be provided during the teleconference, the only official answer or position of the State will be stated in writing in response to written questions via an addendum to this RFP. Potential proposers must submit all questions in writing even if an answer has already been given to an oral question. After the teleconference, written questions will be researched and an official response will be posted at <https://wwwcfprd.doa.louisiana.gov/osp/lapac/srchclsd.cfm>.

1.12.2. Proposer Inquiry Periods

The State shall not and cannot permit an open-ended inquiry period, as this creates an unwarranted delay in the procurement cycle and operations of our agency customers. The State reasonably expects and requires responsible and interested Proposers to conduct their in-depth proposal review and submit inquiries in a timely manner.

An inquiry period is hereby firmly set for all interested Proposers to perform a detailed review of the RFP documents and to submit any written inquiries relative thereto. *Without exception*, all inquiries MUST be submitted in writing by an authorized representative of the Proposer, clearly cross-referenced to the relevant solicitation section. All inquiries must be received by the Inquiry Deadline date set forth in **Section 1.6, Schedule of Events** of this RFP. Only those inquiries received by the established deadline shall be considered by the State. Inquiries received after the established deadline shall not be entertained.

Inquiries concerning this solicitation shall be delivered to the State's contact person for the RFP, Michele Nardini, by mail, express courier, e-mail, hand or fax:

LCTCS
Michele M. Nardini
Coordinator of Financial and Administrative Services
265 S. Foster Drive
Baton Rouge, LA 70806
phone: (225) 922-1635 fax: (225) 922-1185
mnardini@lctcs.edu

Only the RFP Coordinator or their designee has the authority to officially respond to a Proposer's questions on behalf of LCTCS, including during the Blackout Period. Any communications from any other individuals are not binding to the LCTCS.

An addendum will be issued and posted on the Office of State Procurement LaPAC website, to address all inquiries received and any other changes or clarifications to the solicitation. Thereafter, all RFP documents, including but not limited to the specifications, terms, conditions, plans, etc., will stand as written and/or amended by any addendum. No negotiations, decisions, or actions shall be executed by any Proposer as a result of any oral discussions with any State employee or State consultant. It is the Proposer's responsibility to check the LaPAC website frequently for any possible addenda that may be issued. The Office of State Procurement is not responsible for a Proposer's failure to download any addenda documents required to complete a Request for Proposal.

Any person aggrieved in connection with the solicitation or the specifications contained therein, has the right to protest in accordance with La. R.S. 39:1671. Such protest shall be

made in writing to the Director of State Procurement at least two (2) days prior to the deadline for submitting proposals.

Note: LaPAC is the State's online electronic bid posting and notification system resident on the Office of State Procurement website <http://www.doa.la.gov/Pages/osp/Index.aspx>. In that LaPAC provides an immediate e-mail notification to subscribing Bidders/Proposers that a solicitation and any subsequent addenda have been let and posted, notice and receipt thereof is considered formally given as of their respective dates of posting.

To receive the e-mail notification, Vendors/Proposers must register in the LaGov portal. Registration is intuitive at the following link:
https://lagoverpvendor.doa.louisiana.gov/irj/portal/anonymous?quest_user=self_reg.

Help scripts are available on OSP website under vendor center at:
<http://www.doa.la.gov/Pages/osp/vendorcenter/regnhelp/index.aspx>.

1.12.3. Blackout Period

The Blackout Period is a specified period of time during a competitive sealed procurement process in which any Proposer, Bidder, or its Agent or Representative, is prohibited from communicating with any State employee or Contractor of the State involved in any step in the procurement process about the affected procurement. The Blackout Period applies not only to state employees, but also to any contractor of the State. "Involvement" in the procurement process includes but may not be limited to project management, design, development, implementation, procurement management, development of specifications, and evaluation of proposals for a particular procurement. All solicitations for competitive sealed procurements will identify a designated contact person, as per Section 1.12.2 of this RFP. All communications to and from potential Proposers, Bidders, Vendors and/or their representatives during the Blackout Period must be in accordance with this solicitation's defined method of communication with the designated contact person. The Blackout Period will begin upon posting of the solicitation. The Blackout Period will end when the contract is awarded.

In those instances in which a prospective Proposer is also an incumbent Contractor, the State and the incumbent Contractor may contact each other with respect to the existing contract only. Under no circumstances may the State and the incumbent Contractor and/or its representative(s) discuss the blacked-out procurement.

Any Bidder, Proposer, or State Contractor who violates the Blackout Period may be liable to the State in damages and/or subject to any other remedy allowed by law. Further, failure to comply with these requirements may result in the Proposal's disqualification.

Any costs associated with cancellation or termination will be the responsibility of the Proposer or Bidder.

Notwithstanding the foregoing, the Blackout Period shall not apply to:

- A protest to a solicitation submitted pursuant to La. R.S. 39:1671;
- Duly noticed site visits and/or conferences for Bidders or Proposers;
- Oral presentations during the evaluation process; or
- Communications regarding a particular solicitation between any person and staff of the procuring agency provided the communication is limited strictly to matters of procedure. Procedural matters include deadlines for decisions or submission of proposals and the proper means of communicating regarding the procurement, but shall not include any substantive matter related to the particular procurement or requirements of the RFP

1.13. Error and Omissions in Proposal

The State will not be liable for any errors or omissions in the proposal. Proposer will not be allowed to alter proposal documents after the deadline for proposal submission, except under the following condition: The State reserves the right to make corrections or clarifications due to patent errors identified in proposals by the State or the Proposer.

Further, LCTCS reserves the right to cancel or decline to enter into a contract with the successful Proposer at any time after the award is made and before the contract receives final approval from LCTCS.

In accordance with the provisions of La. R.S. 39:2192, in awarding contracts after August 15, 2010, any public entity is authorized to reject a proposal or bid from, or not award the contract to, a business in which any individual with an ownership interest of five percent or more, has been convicted of, or has entered a plea of guilty or nolo contendere to any State felony or equivalent federal felony crime committed in the solicitation or execution of a contract or bid awarded under the laws governing public contracts under the provisions of Chapter 10 of Title 38 of the Louisiana Revised Statutes of 1950, or the Louisiana Procurement Code under the provisions of Chapter 17 of Title 39.

In accordance with Louisiana law, all corporations (see La. R.S. 12:262.1) and limited liability companies (see La. R.S. 12:1308.2) must be registered and in good standing with the Louisiana Secretary of State in order to hold a purchase order and/or a contract with the State.

1.22. Ownership of Proposal

All materials submitted in response to this request become the property of LCTCS. Selection or rejection of a response does not affect this right. All proposals submitted will be retained by LCTCS and not returned to Proposers. Any copyrighted materials in the response are not transferred to LCTCS.

1.23. Cost of Offer Preparation

LCTCS is not liable for any costs incurred by prospective Proposers or Contractors prior to issuance of or entering into a Contract. Costs associated with developing the proposal, preparing for oral presentations, and any other expenses incurred by the Proposer in responding to the RFP are entirely the responsibility of the Proposer, and shall not be reimbursed in any manner by LCTCS.

1.24. Non-negotiable Contract Terms

Non-negotiable contract terms include but are not limited to taxes, assignment of contract, audit of records, EEOC and ADA compliance, record retention, content of contract/order of precedence, contract changes, governing law, claims or controversies, and termination based on contingency of appropriation of funds.

1.25. Taxes

Any taxes, other than State and local sales and use taxes, from which LCTCS is exempt, shall be assumed to be included within the Proposer's cost.

1.26. Proposal Validity

All proposals shall be considered valid for acceptance until such time an award is made, unless the Proposer provides for a different time period within its proposal response. However, LCTCS reserves the right to reject a proposal if the Proposer's acceptance period is unacceptable and the Proposer is unwilling to extend the validity of its proposal.

1.27. Prime Contractor Responsibilities

The selected Proposer shall be required to assume responsibility for all items and services offered in their proposal whether or not they produce or provide them. LCTCS shall consider the selected Proposer to be the sole point of contact with regard to contractual matters, including payment of any and all charges resulting from the contract.

1.28. Use of Subcontractors

Each Contractor shall serve as the single prime Contractor for all work performed pursuant to its contract. That prime Contractor shall be responsible for all deliverables referenced in this RFP. This general requirement notwithstanding, Proposers may enter into subcontractor arrangements. Proposers may submit a proposal in response to this RFP, which identifies subcontract(s) with others, provided that the prime Contractor acknowledges total responsibility for the entire contract.

If it becomes necessary for the prime Contractor to use subcontractors, LCTCS urges the prime Contractor to use Louisiana vendors, including small and emerging businesses, a small entrepreneurship or a veteran or service-connected disabled veteran-owned small entrepreneurship, if practical. In all events, any subcontractor used by the prime should be identified to the LCTCS Project Manager.

Information required of the prime Contractor under the terms of this RFP, is also required for each subcontractor and the subcontractors must agree to be bound by the terms of the contract. The prime Contractor shall assume total responsibility for compliance.

1.29. Written or Oral Discussions/Presentations

LCTCS, at its sole discretion, may require all Proposers who submit proposals determined to be reasonably susceptible of being selected for the award to provide an oral presentation of how they propose to meet the agency's objectives; however, LCTCS reserves the right to enter into an Agreement without further discussion of the proposal submitted based on the initial offers received.

Any commitments or representations made by the Proposer during these discussions, if conducted, may become formally recorded in the final contract.

Written or oral discussions/presentations for clarification may be conducted to enhance LCTCS' understanding of any or all of the proposals submitted. Proposals may be accepted without such discussions.

1.30. Acceptance of Proposal Content

The mandatory RFP requirements shall become contractual obligations if a contract ensues. Failure of the successful Proposer to accept these obligations shall result in the rejection of the proposal.

1.31. Independent Price Determination

By submitting a proposal, the Proposer certifies that the price submitted was independently arrived at without collusion.

1.32. Evaluation and Selection

All responses received as a result of this RFP are subject to evaluation by the LCTCS Evaluation Committee for the purpose of selecting the Proposer most advantageous to LCTCS with whom LCTCS shall contract.

To evaluate all proposals, a committee whose members have expertise in various areas has been selected by LCTCS. A consensus-based evaluation process shall be used to evaluate responses. This committee will determine which proposals are reasonably susceptible of being selected for award. If required, written or oral discussions may be conducted with any or all of the Proposers to make this determination.

The LCTCS Evaluation Committee may consult Subject Matter Expert(s) (SMEs) to serve in an advisory capacity regarding any Proposer or Proposal. Such input may include, but not limited to, analysis of Proposer financial statements, review of technical requirements, or preparation of cost score data.

Written recommendation for award shall be made to LCTCS for the responsible Proposer whose proposal, conforming to the RFP, will be the most advantageous to LCTCS, price and other factors considered.

The committee may reject any or all proposals if it is considered in the best interest of LCTCS.

1.33. Best and Final Offers (BAFO)

LCTCS reserves the right to conduct a BAFO with one or more Proposers determined by the evaluation committee to be reasonably susceptible of being selected for an award. If conducted, the Proposers selected will receive written notification of their selection, a list of specific items to address in the BAFO, and instructions for submittal. The BAFO negotiation may be used to assist LCTCS in clarifying the scope of work or to obtain the most cost effective pricing available.

The written invitation to participate in BAFO will not obligate the State to a commitment to enter into a contract.

1.34. Contract Negotiations

If for any reason, after final evaluation and issuance of the Intent to Award letter, the responsible Proposer whose proposal is most advantageous to the State's needs, price and other evaluation factors set forth in the RFP considered, does not agree to a contract, that proposal shall be rejected and the State may negotiate with the next most advantageous responsible Proposer.

Negotiation may include revision of any non-mandatory terms or conditions, and clarification of the scope of work and/or implementation of the most cost effective pricing available from the Proposers. LCTCS must approve the final contract form and issue a purchase order, if applicable, to complete the process.

1.35. Contract Award and Execution

LCTCS reserves the right to enter into a contract without further discussion of the proposal submitted based on the initial offers received.

The RFP, including any addenda, and the proposal of the selected Contractor will become part of any contract initiated by LCTCS.

Proposers are discouraged from submitting their own standard terms and conditions with their proposals. Proposers should address the specific language in the sample generic contract in **Attachment C** of this RFP and submit any exceptions or deviations the Proposer wishes to negotiate. The proposed terms will be negotiated before a final contract is executed. LCTCS' mandatory terms and conditions include but are not limited to those contained in **Section 1.24** of this RFP and are not negotiable. If applicable, a Proposer may submit or refer to a Master Agreement entered into by the Contractor and the Office of State Procurement in accordance with La. R.S. 39:198(J).

If the contract negotiation period exceeds thirty (30) days, or if the selected Proposer fails to sign the contract within **seven (7) calendar** days of delivery of it, LCTCS may elect to cancel the award and award the contract to the next most advantageous responsible Proposer.-

Award shall be made to the Proposer with the highest score, whose proposal, conforming to the RFP, will be the most advantageous to LCTCS, price and other factors considered.

LCTCS intends to make a single award.

1.36. Notice of Intent to Award

Upon review and approval of the evaluation committee's recommendation for award, LCTCS will issue a "Notice of Intent to Award" letter to the apparent successful Proposer. The "Notice of Intent to Award" letter is the notification of the award of the contract. However, the "Notice of Intent to Award" is contingent upon successful negotiation of a final contract and approval by LCTCS. A contract shall be completed and signed by all parties concerned on or before the date indicated in the "Schedule of Events." If this date is not met, through no fault of LCTCS, LCTCS may elect to cancel the "Notice of Intent to Award" letter and make the award to the next most advantageous responsible Proposer.

LCTCS will also notify all unsuccessful Proposers as to the outcome of the evaluation process. The proposals received (except for that information appropriately designated as confidential in accordance with La. R.S. 44.1 et. seq.) along with the evaluation factors, points, evaluation committee member names, and the completed evaluation summary and recommendation report are public record and shall be made available, upon request, to all interested parties after the "Notice of Intent to Award" letter has been issued.

Any person aggrieved by the proposed award has the right to submit a protest in writing, in accordance with La. R.S. 39:1671, to the LCTCS Chief Procurement Officer, within fourteen (14) days of the award/intent to award. The "Notice of Intent to Award" letter starts the protest period.

1.37. Debriefings

Debriefings may be scheduled by the participating Proposers after the "Notice of Intent to Award" letter has been issued by scheduling an appointment with RFP Coordinator, Michele M. Nardini. Contact may be made by phone at (225) 922-1635 or e-mail to mnardini@lctcs.edu.

1.38. Insurance Requirements

Contractor shall furnish LCTCS with certificates of insurance effecting coverage(s) required by this RFP in accordance with **Attachment "E" Insurance Requirements for Contractors**. The certificates for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf. The certificates are to be received and approved by LCTCS before work commences. LCTCS reserves the right to require complete certified copies of all required policies, at any time. The Contractor shall maintain the insurance as shown in **Attachment "E" Insurance Requirements for Contractors** for the full term of the contract. Failure to comply shall be grounds for termination of the contract.

1.39. Subcontractor Insurance

The Contractor shall include all subcontractors as insured's under its policies or shall insure that all subcontractors satisfy the same insurance requirements stated herein for the Contractor.

1.40. Indemnification and Limitation of Liability

Neither party shall be liable for any delay or failure in performance beyond its control resulting from acts of God or force majeure. The parties shall use reasonable efforts to eliminate or minimize the effect of such events upon performance of their respective duties under the contract.

Contractor shall be fully liable for the actions of its agents, employees, partners or subcontractors and shall fully indemnify and hold harmless LCTCS from suits, actions, damages and costs of every name and description relating to personal injury and damage to real or personal tangible property caused by Contractor, its agents, employees, partners or subcontractors in the performance of the contract, without limitation; provided, however, that the Contractor shall not indemnify for that portion of any claim, loss or damage arising hereunder due to the negligent act or failure to act of LCTCS.

Contractor will indemnify, defend and hold LCTCS harmless, without limitation, from and against any and all damages, expenses (including reasonable attorneys' fees), claims, judgments, liabilities and costs which may be finally assessed against LCTCS in any action for infringement of a United States Letter Patent with respect to the Products, Materials, or Services furnished, or of any copyright, trademark, trade secret or intellectual property right, provided that LCTCS shall give the Contractor: (i) prompt written notice of any action, claim or threat of infringement suit, or other suit, (ii) the opportunity to take over, settle or defend such action, claim or suit at Contractor's sole expense, and (iii) assistance in the defense of any such action at the expense of the Contractor. Where a dispute or claim arises relative to a real or anticipated infringement, LCTCS may require Contractor, at its sole expense, to submit such information and documentation, including formal patent attorney opinions, as the Commissioner of Administration shall require.

The Contractor shall not be obligated to indemnify that portion of a claim or dispute based upon: i) LCTCS' unauthorized modification or alteration of a Product, Material or Service; ii) LCTCS' use of the Product, Material, or Service in combination with other products not furnished by Contractor; iii) LCTCS' use in other than the specified operating conditions and environment.

In addition to the foregoing, if the use of any item(s) or part(s) thereof shall be enjoined for any reason or if Contractor believes that it may be enjoined, Contractor shall have the right, at its own expense and sole discretion as the LCTCS' exclusive remedy to take action no later than six (6) months after the issuance of an injunction in the following order of precedence: (i) to procure for the LCTCS the right to continue using such item(s) or part (s) thereof, as applicable; (ii) to modify the component so that it becomes non-infringing equipment of at least equal quality and performance; or (iii) to replace said item(s) or part(s) thereof, as applicable, with non-infringing components of at least equal quality and performance, or (iv) if none of the foregoing is commercially reasonable, then provide monetary compensation to LCTCS up to the dollar amount of the Contract. Any injunction that is issued against LCTCS which prevents LCTCS from utilizing the Contractor's product in excess of six (6) months and for which the Contractor has not obtained for LCTCS or provided to LCTCS one of the alternatives set forth in the foregoing sentence is cause for LCTCS to terminate the Contract. In the event of such

termination, LCTCS will not be obligated to compensate the Contractor for any costs incurred by the Contractor.

For all other claims against the Contractor where liability is not otherwise set forth in the contract as being without limitation, and regardless of the basis on which the claim is made, Contractor's liability for direct damages, shall be the greater of \$100,000, the dollar amount of the Contract, or two (2) times the charges for products, materials, or services rendered by the Contractor under the Contract. Unless otherwise specifically enumerated herein or in the work order mutually agreed between the parties, neither party shall be liable to the other for special, indirect or consequential damages, including lost data or records (unless the contractor is required to back-up the data or records as part of the work plan), even if the party has been advised of the possibility of such damages. Neither party shall be liable for lost profits, lost revenue or lost institutional operating savings.

LCTCS may, in addition to other remedies available to them at law or equity and upon notice to the Contractor, retain such monies from amounts due Contractor, or may proceed against the performance and payment bond, if any, as may be necessary to satisfy any claim for damages, penalties, costs and the like asserted by or against them.

1.41. Payment

1.41.1. Payment for Services

The LCTCS shall pay Contractor in accordance with the Pricing Schedule set forth in **Attachment B**. Payments are predicated upon successful completion and written approval by LCTCS of the described tasks and deliverables as provided in **Sections 2.2 Deliverables and 2.5.2 Technical requirements** (as applicable). Payments will be made to the Contractor after LCTCS approves in writing the work performed and the submitted invoice. Payment will be made only after the LCTCS Chief Human Resources and Development Officer, or their designee approves the invoice for payment. LCTCS will make every reasonable effort to make payments within thirty (30) calendar days of an approved invoice that falls under a valid contract.

1.41.2. Late Payments

Please see **Attachment D: Electronic Vendor Payment Solution** for additional information regarding electronic payment methods.

R.S. 39:1551 et seq.) and its corresponding regulations; or, (f) any listed reason for debarment under La. R.S. 39:1672.

1.42.1. Termination of the Contract for Cause

LCTCS may terminate the contract for cause based upon the failure of the Contractor to comply with the terms and/or conditions of the contract, or failure to fulfill its performance obligations pursuant to the contract, provided that LCTCS shall give the Contractor written notice specifying the Contractor's failure. If within thirty (30) days after receipt of such notice, the Contractor shall not have corrected such failure or, in the case of failure which cannot be corrected in thirty (30) days, begun in good faith to correct such failure and thereafter proceeded diligently to complete such correction, then LCTCS may, at its option, place the Contractor in default and the contract shall terminate on the date specified in such notice.

The Contractor may exercise any rights available to it under Louisiana law to terminate for cause upon the failure of LCTCS to comply with the terms and conditions of the contract, provided that the Contractor shall give LCTCS written notice specifying LCTCS' failure and a reasonable opportunity for the State to cure the defect.

1.42.2. Termination of the Contract for Convenience

LCTCS may terminate the Contract for convenience at any time (1) by giving thirty (30) days written notice to the contractor of such termination; or (2) by negotiating with the Contractor an effective date. 1.42.3. Termination for Non-Appropriation of Funds

The continuance of the contract is contingent upon the appropriation of funds to fulfill the requirements of the contract by the legislature. If the legislature fails to appropriate sufficient monies to provide for the continuation of the contract, or if such appropriation is reduced by the veto of the Governor or by any means provided in the appropriations act or Title 39 of the Louisiana Revised Statutes of 1950 to prevent the total appropriation for the year from exceeding revenues for that year, or for any other lawful purpose, and the effect of such reduction is to provide insufficient monies for the continuation of the contract, the contract shall terminate on the date of the beginning of the first fiscal year for which funds are not appropriated.

1.43. Assignment

The Contractor shall not assign any interest in the contract by assignment, transfer, or novation, without prior written consent of LCTCS. This provision shall not be construed to prohibit the Contractor from assigning his bank, trust company, or other financial institution any money due or to become due from approved contracts without such prior written consent. Notice of any such assignment or transfer shall be furnished promptly to LCTCS.

1.44. No Guarantee of Quantities

The quantities referenced in the RFP are estimated to be the amount needed. In the event a greater or lesser quantity is needed, the right is reserved by the State of Louisiana to increase or decrease the amount, at the unit price stated in the proposal.

Any act of discrimination committed by Contractor, or failure to comply with these statutory obligations when applicable shall be grounds for termination of the contract.

1.47. Record Retention

The Contractor shall maintain all records in relation to the contract for a period of at least five (5) years after final payment.

1.48. Record Ownership

All records, reports, documents, or other material related to any contract resulting from this RFP and/or obtained or prepared by Contractor in connection with the performance of the services contracted for herein shall become the property of LCTCS and shall, upon request, be returned by Contractor to LCTCS, at Contractor's expense, at termination or expiration of the contract.

1.49. Content of Contract/ Order of Precedence

Substitution of Personnel: If, during the term of the contract, the Contractor or subcontractor cannot provide the personnel as proposed and requests a substitution, that substitution shall meet or exceed the requirements stated herein. A detailed resume of qualifications and justification is to be submitted to the LCTCS for approval prior to any personnel substitution. Extent of Warranty: THESE WARRANTIES REPLACE ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE

15. INDEMNIFICATION AND LIMITATION OF LIABILITY

This policy applies to employees of the Louisiana Community and Technical College System (LCTCS) Board Office, contractors and vendors that connect to servers, applications or network devices that contain or transmit LCTCS Protected Data.

Policies & Procedures:

A. User Access

All users of LCTCS Board Office IT resources will abide by the following set of rules:

- Users with access to LCTCS Board Office IT resources will utilize a unique LCTCS Active Directory (AD) account. This account will conform to the following standards through controls in AD Group Policy:
 - The password will conform, at a minimum, to 12 characters, and shall contain 3 of the following 4 characteristics:
 - Upper case letters
 - Lower case letters
 - Numbers
 - Special Characters
 - Accounts will require a password change every 105 days
 - Student accounts are not be required to change passwords. However, password strength will be enforced if they change their password (i.e. forgot password).
 - Accounts will be locked for no less than 30 minutes upon five unsuccessful login attempts.
 - LCTCS Board Office computers will automatically enable the computers screen saver if their session is idle for more than 15 minutes. Re-entry of their password is required to unlock the screen saver.

Unauthorized use of this system is strictly prohibited and may be subject to criminal prosecution. LCTCS may monitor any activity or communication on the system and retrieve any information stored within the system. By accessing and using this computer, you are consenting to such monitoring and information retrieval for law enforcement and other purposes. Users should have no expectation of privacy as to any communication on or information stored within the system, including information stored locally on the hard drive or other media in use with this unit (e.g., floppy disks, PDAs and other hand-held peripherals, CD-ROMs, etc.)”
 - Account activity will be logged and monitored.
 - Users will not login using generic, shared or service accounts.
 - Service providers with remote access to customer premises (for example, for support of systems or servers) shall use a unique authentication credential assigned by LCTCS IT.

B. Administrative Access

- IT employees will abide by the above user access guidelines.
- Administrators will immediately revoke all of a user's access to the LCTCS Board Office network when a change in employment status dictates the user no longer requires such access.
- All service accounts must be used by no more than one service, application, or system.
- Administrators must not extend a user group's permissions in such a way that it provides inappropriate access to any user in that group.

C. Remote Access

All LCTCS Board Office employees accessing LCTCS IT resources remotely must abide by the following rules:

- No non LCTCS Board Office IT network devices are allowed on the LCTCS network, or other unapproved remote access technology.
- All remote access must be authenticated and encrypted through the LCTCS Board Office remote access portal.
- The CIO or their designee must approve all third party access to the LCTCS Board Office network.
- Third parties may access only the systems that they support or maintain.
- All third party accounts in the LCTCS Board Office Active Directory will be disabled and inactive unless needed for support or maintenance. All third parties with access to the LCTCS Board Office network must adhere to all regulations and governance standards associated with that data (e.g. PCI security requirements for cardholder data, FERPA requirements for student records, HIPAA requirements for Protected Health Information). Third party accounts must be immediately disabled after support or maintenance is complete.
- Copying classified and restricted data from LCTCS Board office systems to a user's personal computing device is prohibited.

- Employees will be granted access right to only those entrances required for the execution of their assigned duties.

2. Data Center Security

The LCTCS data center will abide by the following physical security requirements:

- Video surveillance is installed to monitor access into and out of the LCTCS data center.
- Access to the LCTCS data center is controlled using an electronic badge and personal PIN systems. IT staff have badges with security access and require entry of a Personal PIN to gain entry.

Access will be restricted to only the Director of Facilities, COO, CIO and aforementioned IT staff will have access.

IV. **Data Classification**

General Use and Responsibilities:

1. Information Technologies (IT) Responsibility—All IT employees who come into contact with sensitive Louisiana Community and Technical College System (LCTCS) Board Office information are expected to familiarize themselves with this data classification policy and to consistently use these same ideas in their daily LCTCS business activities. Sensitive information is either Confidential or Restricted information, and both are defined later in this document. Although this policy provides overall guidance, to achieve consistent information protection, LCTCS IT employees are expected to apply and extend these concepts to fit the needs of day-to-day operations. This document provides a conceptual model for LCTCS IT for classifying information based on its sensitivity, and an overview of the required approaches to protect information based on these same sensitivity classifications.

2. Addresses Major Risks - The IT data classification system, as defined in this document, is based on the concept of need to know. This term means that information is not disclosed to any person who does not have a legitimate and demonstrable business need to receive the information. This concept, when combined with the policies defined in this document, will protect LCTCS information from unauthorized disclosure, use, modification, and deletion.

3. Applicable Information - This data classification policy is applicable to all electronic information for which LCTCS IT is the custodian.

A. Access Control

1. Need to Know—Each of the policy requirements set forth in this document are based on the concept of need to know. If an LCTCS IT employee is unclear how the requirements set forth in this policy should be applied to any particular circumstance, he or she must conservatively apply the need to know concept. That is to say that information must be disclosed only to those people who have a legitimate business need for the information.

2. System Access Controls—The proper controls shall be in place to authenticate the identity of users and to validate each user's authorization before allowing the user to access information or services on the system. Data used for authentication shall be protected from unauthorized access. Controls shall be in place to ensure that only personnel with the proper authorization and a need to know are granted access to LCTCS Board office systems and their resources. Remote access shall be encrypted and controlled through identification and authentication mechanisms.

3. Access Granting Decisions—Access to LCTCS Board Office sensitive information must be provided only after the written authorization of the data owner has been obtained. Access requests will be presented to the data owner using the Access Request template. Custodians of the involved information must refer all requests for access to the relevant owners or their delegates. Special needs for other access privileges will be dealt with on a request-by-request basis. The list of individuals with access to Confidential or Restricted data must be reviewed for accuracy by the relevant data owner in accordance with a system review schedule approved by the CIO.

B. Information Classification

1. Owners and Production Information—All electronic information managed by LCTCS IT must have a designated owner. Production information is information routinely used to accomplish business objectives. Owners should be at the Director level or above. Owners are responsible for assigning appropriate sensitivity classifications as defined below. Owners do not legally own the information entrusted to their care. They are instead designated members of the LCTCS management team who act as stewards, and who supervise the ways in which certain types of information are used and protected.

2. CONFIDENTIAL - This classification applies to the most sensitive business information, such as Personally Identifiable Information (PII), that is intended for use strictly within LCTCS. Its unauthorized disclosure could seriously and adversely impact LCTCS, its customers, its business partners, and its suppliers.

3. PRIVATE - This classification applies to less-sensitive business information, such as Non-Public Information (NPI), that is intended for use within LCTCS. Its unauthorized disclosure could adversely impact LCTCS or its customers, suppliers, business partners, or employees.

4. PUBLIC - This classification applies to information that has been identified by LCTCS management as not harmful if disseminated to the public. By definition, there is no such thing as unauthorized disclosure of this information and it may be disseminated without potential harm.

5. Owners and Access Decisions - Data owners must make decisions about who will be permitted to gain access to information, and the uses to which this information will be put. IT must take steps to ensure that appropriate controls are utilized in the storage, handling, distribution, and regular usage of electronic information.

C. Object Reuse and Disposal

Storage media containing sensitive (i.e. restricted or confidential) information shall be completely empty before reassigning that medium to a different user or disposing of it when no longer used. Simply deleting the data from the media is not sufficient. A method must be used that completely erases all data. When disposing of media containing data that cannot be completely erased it must be destroyed in a manner approved by the CIO.

D. Special Considerations for Restricted Information

If restricted information is going to be stored on a personal computer, portable computer, personal digital assistant, or any other single-user system, the system must conform to access control safeguards approved by IT and LCTCS senior management. When these users are not currently accessing or otherwise actively using the restricted information on such a machine, they must not leave the machine without logging off, invoking a password protected screen saver, or otherwise restricting access to the restricted information.

Data Encryption Software – LCTCS employees and vendors must not install encryption software to encrypt files or folders without the express written consent of the CIO.

E. Information Transfer

1. Transmission Over Networks—If LCTCS sensitive data is to be transmitted over any external communication network, it must be sent only in encrypted form. Sensitive data should never be sent in the body of an email and only via encrypted file attachments. The preferred method of dissemination is moving the data to a shared system that requires encryption in transit, encryption at rest, and secure login for the recipient to retrieve (i.e. SharePoint, OneDrive, DropBox)

3. Transfer To Another Computer—Before any sensitive information may be transferred from one computer to another, the person making the transfer must ensure that access controls on the destination computer are commensurate with access controls on the originating computer. If comparable security cannot be provided with the destination system's access controls, then the information must not be transferred.

V. Incidence Response

General Use and Responsibilities:

All Incident Response plans and procedures shall be documented and implemented to address all incident detections and responses, especially related to critical systems. Louisiana Community and Technical College System (LCTCS) board office staff shall be aware of their responsibilities in detecting security incidents to

facilitate the incident response plan and procedures. As part of the organization's communication strategy, incident reports will be sent to the Chief Information Officer (CIO) & Chief Operations Officer (COO).

All incident detections and responses, especially those related to critical systems, shall follow this policy. These processes and procedures exist to mitigate risk, reduce costs, and reduce downtime due to security incidents.

Policies & Procedures:

A. Incident Identification

1. LCTCS Board Office employees shall be aware of their responsibilities in detecting security incidents to facilitate the incident response plan and procedures.
2. All LCTCS Board Office employees have the responsibility to assist in incident response procedures within their particular areas of responsibility.
3. Some examples of security incidents that an employee might recognize in their day-to-day activities include, but are not limited to:
 - a. Theft, damage or unauthorized access (e.g., unauthorized logins, papers missing from their desk, broken locks, missing log files, an alert from a Public Safety employee, video evidence of a break-in or unscheduled/unauthorized physical entry);
 - b. Fraud (e.g., inaccurate information within databases, logs, files or paper records);
 - c. Abnormal system behavior (e.g., unscheduled system reboot, unexpected messages, abnormal errors in system log files or on terminals);
 - d. Security event notifications (e.g., file integrity alerts, intrusion detection alarms, and physical security alarms).
4. All LCTCS Board Office employees, regardless of job responsibilities, should be aware of the potential incident identifiers and know whom to notify in these situations. In all cases, employee should report incidents per the instructions under Reporting and Incident Declaration below.

B. Reporting and Incident Declaration

1. The CIO shall be notified immediately of any suspected or confirmed security incidents involving LCTCS Board Office computing assets, particularly any critical system(s).
2. If it is unclear whether a situation should be considered a security incident, the CIO should be contacted to evaluate the situation.
3. As part of the organization's communication strategy, incident reports will be forwarded to the CIO & COO.

C. Reporting and Incident Declaration Standards

1. With the exception of the steps outlined below, it is imperative that any investigative or corrective action be taken only at the direction of the Chief Information Officer (CIO) to assure the integrity of the incident investigation and recovery process.
2. When faced with a potential situation, you should do the following:
 - a. If the incident involves a compromised computer system, do not alter the state of the computer system.
 - b. Report the security incident by contacting the CIO to report suspected or actual incidents.
 - c. Communications should remain internal, with supervisor(s) and CIO for initial assessment of any details or generalities surrounding the suspected or actual incident. The COO will coordinate all communications with law enforcement or the public.

D. Incident Severity Classification

1. The CIO will first attempt to determine whether the security incident justifies a formal incident response.
2. In cases where a security incident does not require an incident response, the issue will be forwarded to the appropriate area of IT to ensure that all technology support services required are executed.

VI. Anti-Malware Protection

General Use and Responsibilities:

All Louisiana Community and Technical College System (LCTCS) Board Office computer resources will be protected with one or more approved Anti-Malware software products.

Policies and Procedures:

1. LCTCS CIO shall approve Anti-Malware software for use on all applicable IT resources. All Anti-Malware products shall be configured to receive automatic updates, perform periodic scans, and log events.
2. Users shall not change the configuration or disable the Anti-Malware software.
3. Anti-Malware software must be configured to automatically update signature data.
4. Systems running LCTCS Anti-Malware software shall alert IT Staff in real time of the detection of a virus.

VII. Definitions

Cybercrime – Criminal activity or a crime that involves the Internet, a computer system, or computer technology.

9. Severability.

The parties intend this Agreement to be enforced as written. However, (i) if any portion or provision of this Agreement is to any extent declared illegal or unenforceable by a duly authorized court having jurisdiction, then the remainder of this Agreement, or the application of such portion or provision in circumstances other than those as to which it is so declared illegal or unenforceable, will not be affected thereby, and each portion and provision of this Agreement will be valid and enforceable to the fullest extent permitted by law; and (ii) if any provision, or part thereof, is held to be unenforceable because of the duration of such provision, the Covered Entity and the Business Associate agree that the court making such determination will have the power to modify such provision, and such modified provision will then be enforceable to the fullest extent permitted by law.

11. Regulatory References.

A reference in this Agreement to a section in the Privacy Rule means the referenced section or its successor, and for which compliance is required.

12. Headings and Captions.

The headings and captions of the various subdivisions of the Agreement are for convenience of reference only and will in no way modify or affect the meaning or construction of any of the terms or provisions hereof.

13. Entire Agreement.

This Agreement sets forth the entire understanding of the parties with respect to the subject matter set forth herein and supersedes all prior agreements, arrangements and communications, whether oral or written, pertaining to the subject matter hereof.

14. Binding Effect.

The provisions of this Agreement shall be binding upon and shall inure to the benefit of both Parties and their respective successors and assigns.

15. No Waiver of Rights, Powers and Remedies.

No failure or delay by a party hereto in exercising any right, power or remedy under this Agreement and no course of dealing between the parties hereto, will operate as a waiver of any such right, power or remedy of the party. No single or partial exercise of any right, power or remedy under this Agreement by a party hereto, nor any abandonment or discontinuance of steps to enforce any such right, power or remedy, will preclude such party from any other or further exercise thereof or the exercise of any other right, power or remedy hereunder. The election of any remedy by a party hereto will not constitute a waiver of the right of such party to pursue other available remedies. No notice to or demand on a party not expressly required under this Agreement will entitle the party receiving such notice or demand to any other or further notice or demand in similar or other circumstances or constitute a waiver of the right of the party giving such notice or demand to any other or further action in any circumstances without such notice or demand. The terms and provisions of this Agreement may be waived, or consent for the departure therefrom granted, only by written document executed by the party entitled to the benefits of such terms or provisions. No such waiver or consent will be deemed to be or will constitute a waiver or consent with respect to any other terms or provisions of this Agreement, whether or not similar. Each such waiver or consent will be effective only in the specific instance and for the purpose for which it was given, and will not constitute a continuing waiver or consent.

16. Governing Law.

This Agreement will be governed by and construed in accordance with the laws of the State of Louisiana.

17. Interpretation.

It is the Parties' intent to comply strictly with all applicable laws, including without limitation, HIPAA, state statutes, or regulations (collectively, the "Regulatory Laws"), in connection with this Agreement. In the event there shall be a change in the Regulatory Laws, or in the reasoned interpretation of any of the Regulatory Laws or the adoption of new federal or state legislation, any of which are reasonably likely to materially and adversely affect the manner in which either Party may perform or be compensated under this Agreement or which shall make this Agreement unlawful, the Parties shall immediately enter into good faith negotiations regarding a new arrangement or basis for compensation pursuant to this Agreement that complies with the law, regulation or policy and that approximates as closely as possible the economic position of the Parties prior to the change. In addition, the Parties hereto have negotiated and prepared the terms of this Agreement in good faith with the intent that each and every one of the terms, covenants and conditions herein be binding upon and inure to the benefit of the respective Parties. To the extent this Agreement is in violation of applicable law, then the Parties agree to negotiate in good faith to amend this Agreement, to the extent possible consistent with its purposes, to conform to law.

IN WITNESS WHEREOF, the parties have executed this Business Associate Agreement as of the Effective Date.
