All member colleges shall implement this uniform policy in compliance with applicable laws and shall take prompt and appropriate action to investigate and effectively discipline in a manner consistent with all applicable laws those accused of such conduct.

In cases of any inconsistency, the statutory provisions shall supersede any such inconsistent provision in this policy and in any institution's policy. The Uniform Policy establishes statewide minimum standards for hazing prevention, education, reporting, investigation, disciplinary action, and transparency to ensure consistent implementation throughout LCTC System and all member colleges.

All member colleges shall prohibit hazing, and take all reasonable measures to address hazing, including without limitation: adoption of this uniform policy; clear communication to

II. POLICY STATEMENT

Hazing is prohibited in any form, and every LCTC System college shall maintain effective measures for preventing, reporting, investigating, and responding to hazing. Institutions shall ensure that recognized student organizations operate in a manner consistent with Louisiana law and the educational mission of the institution.

Every institution, student organization, advisor, employee, and student has a responsibility to prevent, report, and respond to hazing. Institutions are expected to foster organizational cultures built upon integrity, accountability, and respect rather than coercion or abuse.

All LCTC System colleges shall prohibit hazing and take all reasonable measures to address hazing, including without limitation: adoption of effective policies; promotion of a safe campus culture; education and training; clear communication to campus organizations, students and other stakeholders of laws and policies; and prompt and faithful enforcement thereof. All LCTC System colleges shall provide a supportive educational environment free from hazing, which promotes its students' mental and physical well-being, safety and respect for oneself and others by implementing such policies and procedures and through prompt and appropriate action to investigate and effectively discipline those accused of such conduct in a manner consistent with all applicable laws.

III. SCOPE

This policy applies to all LCTC System colleges in accordance with federal and state law, including Act 309 of the 2026 Legislative Session of the Louisiana Legislature, The Stop Campus Hazing Act (SCHA), The Jeanne Clery Campus Safety Act (Clery Act), and other applicable laws. This policy also applies to the Board of Supervisors of LCTC System, recognized or affiliated student organizations, organizational advisors, employees, volunteers, and students. LCTC System colleges shall apply this policy to conduct associated with pledging, initiation into, affiliation with, participation in, holding office in, or maintaining membership in any student organization, regardless of whether the conduct occurs on or off campus, whenever the institution has authority under applicable law or institutional policy to address the conduct.

IV. HAZING PROHIBITION AND DISCIPLINARY ACTIONS

A. General Prohibition

Hazing in any form is strictly prohibited at every LCTC System college. Consent to hazing is not a defense.

No student, student organization, organizational officer, member, new member, alumnus, volunteer, employee, advisor, coach, or any other individual affiliated with an institution or organization shall engage in, encourage, direct, permit, authorize, assist in, condone, or knowingly benefit from hazing.

Institutions shall take prompt, appropriate, and consistent disciplinary action against any individual or recognized or affiliated student organization determined, through applicable institutional disciplinary procedures, to have violated this policy. Sanctions

shall be commensurate with the nature and severity of the violation and imposed in accordance with Louisiana law and this policy.

B. Criminal Liability and Campus Discipline

Individuals who engage in hazing are subject to both institutional discipline and potential criminal liability. Following a determination of responsibility through applicable institutional disciplinary procedures, institutions shall impose sanctions consistent with R.S. 17:1801, including expulsion, suspension, or dismissal from the institution, with a minimum separation from the institution of one academic semester, quarter, or comparable academic period. The imposition of institutional discipline shall not limit or otherwise affect the authority of law enforcement or the courts to pursue criminal penalties under R.S. 14:40.8 and R.S. 14:502.

A student found responsible for hazing shall be subject to disciplinary action, including expulsion, suspension, or dismissal from the institution, and shall not be permitted to return for at least one academic semester, quarter, or comparable academic period, as required by R.S. 17:1801. Recognized or affiliated student organizations found responsible for hazing may be subject to disciplinary action, including suspension, deactivation, loss of institutional recognition, or other sanctions deemed appropriate by the institution.

If a hazing violation by a recognized or affiliated student organization results in the death of an individual, the institution shall permanently banish the organization and prohibit it from re-chartering, re-establishing, or operating under any name, alias, or affiliated organization, as required by Louisiana law.

Failure by an institution to permanently banish a student organization as required by this policy and R.S. 17:1801 shall subject the institution to the statutory penalties established by law, including a two-year prohibition on State Bond Commission approval of debt following notice of noncompliance.

Institutional disciplinary action under this policy is independent of, and in addition to, any criminal investigation or prosecution. Individuals may also be subject to criminal penalties as provided by R.S. 14:40.8 and R.S. 14:502.

V. REPORTING REQUIREMENTS

Timely reporting of suspected hazing is essential to protecting the health and safety of students, facilitating appropriate institutional action, and ensuring compliance with applicable law. Accordingly, all institutions and recognized student organizations shall comply with the reporting requirements set forth in Act 309, codified in R.S. 17:1801, and other applicable laws.

A. Organizational Reporting

A recognized or affiliated student organization shall promptly report an alleged hazing incident to both the institution with which it is affiliated and the appropriate law enforcement agency when:

3. The organization, or any of its members, officers, or representatives, has been disciplined by a national, regional, or parent organization for conduct involving hazing.

E. Immunities and Amnesty

An individual acting in good faith who reports or assists in the investigation of a report of an incident of hazing, or who testifies or otherwise participates in a disciplinary process or judicial proceeding arising from a report of such an incident, shall not be subjected to disciplinary action by the institution in which the individual is enrolled or employed for any violation of the institution's code of conduct that is reasonably related to the reported incident, provided that suspension or expulsion from the institution is not a possible sanction for the underlying violation.

The immunity provided under this policy shall not apply to an individual who perpetrates or assists in the perpetration of the reported hazing incident.

Each institution shall maintain an amnesty policy for any student who, in good faith, reports an incident of hazing to the institution.
