4036 DRUG AND ALCOHOL TESTING

The school board recognizes the significant problems created by drug and alcohol use in society in general, and the public schools in particular. The school board also recognizes the important contribution that the public schools have in shaping the youth of today into the adults of tomorrow. The school board recognizes that effective January 1, 1996, federal law requires employers of less than 50 bus drivers must have implemented a drug and alcohol testing policy. (49 CFR 382.11.5)

It is the belief of the school board that a work environment free of drug and alcohol use will not only be safer, healthier, and more productive, but will also be more conducive to effective learning. Therefore, to provide such an environment, the purpose of this policy is to provide authority so that the school board may require all employees and/or job applicants whose position requires a commercial driver's license to submit to drug and alcohol testing in accordance with the provision of this policy and as provided in Minn. Stat. 181.950 through 181.957.

All school district employees and job applicants whose position requires a commercial driver's license will be required to undergo drug and alcohol testing in accordance with federal law and the applicable provisions of this policy.
