JOB ANNOUNCEMENT

Welding Instructor – Cottonport Campus (Adjunct)

Summary:

Reporting to the Campus Dean, the Welding Instructor supports the development and coordination of the Welding Program. The Welding Instructor provides classroom instruction in assigned classes and maintains office hours for student consultation. Classroom instruction includes preparing and reviewing lesson plans. It also includes the following: 1) Developing and reviewing the program and syllabi, goals and objectives according to approved curriculum and course syllabi standards; 2) Providing students with a written course syllabus; 3) Recommending books and materials, and revising curricula; 4) Evaluating and reviewing students' progress in attaining goals and objectives; 5) Advising and counseling students and maintaining appropriate advisement records on each student; 6) Participating in registration; 7) Demonstrating and insuring the use of appropriate and effective teaching techniques, testing and grading procedures (including accurate, complete and proper maintenance of grade books and any other appropriate record-keeping requirements for the course, program or college), 8) Utilizing technology to facilitate learning and to access data, maintain records, generate reports, and communicate with others; 9) Effectively communicating using technology and oral or written communication skills; 10) Effectively managing the classroom and supporting policies and procedures aimed at insuring appropriate student discipline; 11) Meeting professional assignments in accordance with the college's calendar and contractual obligations; and 12) Participating in the evaluation of the instructional process and using innovative strategies to continually improve learning. The Welding Instructor will also develop and maintain the hybrid/online Welding Program. The Welding Instructor performs other duties as assigned.

Duties and Responsibilities:

- Provides and supports classroom instruction for the Welding Program;
- Meets with students, staff members and other educators to discuss students' instructional programs and other issues;
- Selects and assesses student learning outcomes, fosters effective learning in both classroom and lab settings, and promotes good public relations via contacts and regular communications with business, industry, and the public sector;
- Plans, organizes, controls and directs the operations of the Welding Program;
- Develops and updates the Welding Program’s Strategic Plan and assures their integration with other major planning efforts within the college;
- Oversees the Welding Program and all of its degree, diploma, and certificate credit program offerings;
- Oversees curriculum revision processes for the Welding Program;
- Assures the development of academic schedules for the Welding Program that meet the needs of students and academic programs, assigns faculty members effectively, enhances facility use, and integrates instructional technology in all modes of delivery;
• Develops the budget for the Welding Program that adequately supports the program content, the
acquisition and maintenance of supplies, equipment and technology, faculty/staff professional
development, and innovation;
• Maintains and reviews classrooms and laboratories in accordance with approved classroom and lab
management plans.
• Supports the development and facilitation of high school/college programming, transfer
articulations, and other collaborative partnerships;
• Provides leadership to the Welding Program faculty to insure effective academic services through
assessment, program review, development of student-learning outcomes, accreditation activities, and
other accountability efforts;
• Tracks the academic status of Welding Program students to ensure good academic standards are
maintained and appropriate action is taken to refer students to necessary remediation or support
services;
• In collaboration with the Welding Department Program Chair, coordinates the development of
Welding Program brochures/handouts;
• Supervises and evaluates the performance of assigned personnel; coordinate the work assignments of
assigned personnel; review work to assure compliance with established standards, requirements and
procedures; take the necessary steps to ensure smooth and timely service to all employees college-
wide as well as to prospective employees;
• Motivates staff to improve quantity and quality of work performed and provides training and
development opportunities as appropriate;
• Develop and implement measures and methodology for determining the effectiveness and efficiency
of the Welding Program;
• Regularly attends seminars, special conferences and professional meetings as time and budget
permit;
• Builds and strengthens an environment that fosters creativity, innovation, and professional
development among Welding Program faculty;
• Monitors Welding Program website pages to make sure they are accurate and current;
• Attains, maintains and reviews program certification requirements, as appropriate.
• Assure all academic practices and student records for both current and former students of the
College comply with local, state, federal and accrediting body (COE, SACS, etc.) regulations;
• Follows and enforces rules and regulations as described by the Louisiana Community and Technical
College System and other policies and procedures established by the college;
• Serves on committees;
• Occasional evening and weekend work and overnight travel may be required; and
• Performs other duties as assigned.
