## “Home of the Blue Devils”

### Impact Concussion Test

Per Epping School District Policy all student athletes must take the Access Impact Baseline Concussion Test every two years. The test may be taken at home, or there will be selected school dates where the labs will be open for computer use to complete the test. The test must be taken at the beginning of the school year in the fall, or before the winter, or spring sports season. Taking the test in the fall covers you for each sports season in that school year.

To take the test at home go to this link and follow directions.

<http://www.impacttestonline.com/testing>

-there is a customer code required to launch test, after completing general bio information paste the following customer code to launch test when asked - **37C99B8D2E**

Upon completion print documentation as proof of completion and provide Athletic Director with copy. No student athlete will be allowed to compete in practice, or any school sponsored athletic event without proof of completion of concussion test.

Drop off completed completion documentation at high school or middle school in main office, or mail to Larry Averill, 21 Academy Street, Epping NH 03042. If you have any questions contact [laverill@sau14.org](mailto:laverill@sau14.org), or call 679-5472 x253.
