

IMAB – SCHOOL STAFF TEACHING THEIR OWN CHILDREN

In the event that a parent of a child attending the same school is also a staff member, the School Principal will adjust work assignments in order to minimize the amount of time that the staff member spends during any school day instructing his/her child. Ideally, the amount of classroom time that a staff member spends instructing his/her own child will be eliminated completely. Recognizing that this may not always be possible, a goal of not more than one content area per day will be acceptable. Exceptions will be made based on extenuating circumstances. Such exceptions will require the approval of the Board.
