## Hour of Code:

*Students and staff at Epping High School participated in coding activities sponsored by our technology team. Breakout EDU, Ozobot Expedition to Neptune, Biopixels, Algorithmic Doodle Art, Designing Algorithms in Tinker Card, and ZSpace “The Impact of Computers” were just a few of the opportunities provided for staff and students to increase their exposure to technology in action! Thank you to Mr. Nekton, Ms Dyer, and Ms. Newman for coordinating these activities.*

## Seacoast School of Technology Road Show!

*Staff and administrators from Seacoast School of Technology visited Epping High School for the Annual Road Show activities. Grade 10 students attended an informational session to learn more about the opportunities available to them by attending SST.*

*Special thanks to Samantha Tukey from SST and the EHS Guidance Department!*

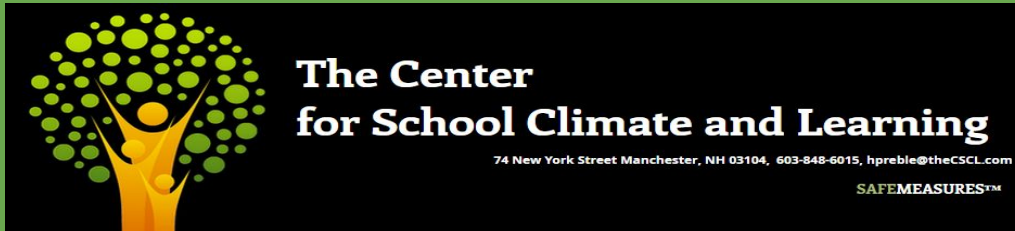

Welcome Ms. Kate Keniston! Kate will be teaching mathematics in grade 10. She earned her degree in secondary education and *Master of Science Degree for Teachers of Mathematics* from the University of NH. Kate resides in Newmarket. Welcome to the EHS family!

## Culture and Climate:

*Dr. William Preble from The Center for School Culture and Learning will be working with us over the next two years to evaluate and implement effective strategies to improve the culture and climate at EHS. This will include the development of an Adult Design Team and a Student Leadership Team to work together to action plan and implement positive change. The work has begun with the formation of the Adult Design Team and selection of the Student Leadership Team. I would like to thank our staff and students who have volunteered to participate in this process. I look forward to working with all of you!*

*Dr. Preble working with the HS/MS staff on the Culture and Climate initiative.*
