

February 3, 2020

Dear Parent/Guardian:

I have the pleasure of educating your child in Health Education this semester. I am required by law to notify you that this course includes sensitive topics of discussion. Parents/guardians who do not want their child to participate in a particular unit of health or sex education instruction for religious reasons, religious objections or personal objections are allowed to have their child opt out of such instruction.

If you wish to have your child opt out of such instruction, you are required to complete the attached district opt-out form, indicating the particular unit of curriculum in which your child is not to participate.

If you exempt your child from this instruction, they will be given an alternative assignment sufficient to meet the state requirements for health education.

Please contact me at hgarvey@eppingsd.org or 679-5472 x4129 with any questions or concerns.

Sincerely,

Hannah Millon-Garvey
