

More Opportunity for More Students

with the Apex Advantage

Apex Learning digital curriculum is intentionally designed to actively engage students in the learning and includes embedded supports and scaffolds to meet diverse student needs. Together our effective digital curriculum, actionable data, and success management support you in achieving your goals and ensure your students are prepared for college, work, and life.

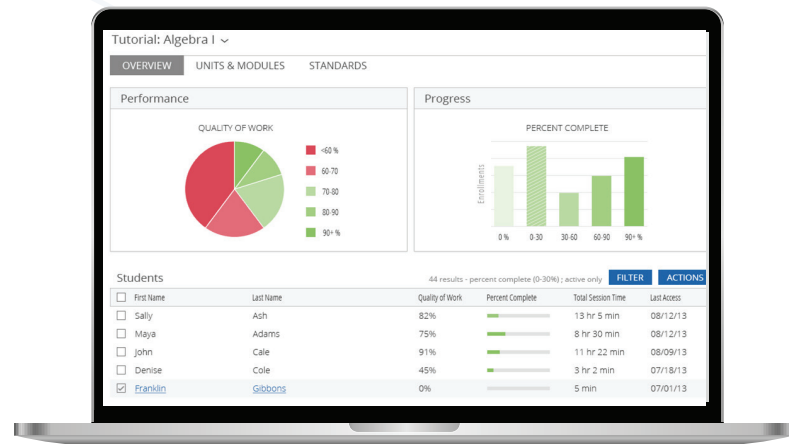

Effective Curriculum

- 1 Comprehensive course catalog, including credit recovery, original credit, honors, Advanced Placement®, CTE, world languages, foundations, and electives
- 2 Tutorials personalize instruction and remediation for Multi-tiered System of Supports, RTI, content recovery, and high school readiness with supporting topics that provide pre-requisite foundational skills down to the 3rd grade as needed
- 3 End-of-Course, ACT®, SAT®, TSI, ACCUPLACER®, GED®, and HiSET® exam preparation with Tutorials
- 4 Curriculum built from the standards
- 5 Supports and scaffolds that make rigorous standards accessible to all students
- 6 Instruction based on Universal Design for Learning principles
- 7 Active learning approach allows students to observe, inquire, create, connect, and confirm
- 8 Frequent formative assessment provides immediate feedback to confirm students' understanding
- 9 Assessment item types mirror state and national high-stakes exams to prepare students for success

Actionable Data Informs Instruction

- 10 Intuitive dashboards provide access to real-time progress and performance data
- 11 Robust reporting makes it easy for educators to observe mastery
- 12 Personalized learning plans make differentiation and remediation easier for teachers
- 13 Pacing calendars auto-generate to keep students on track based on district or school calendars
- 14 Weekly reports automatically emailed to families, counselors, and mentors

Partnership for Success

- 15 Implementation Success Managers develop educator capacity to optimize results across district programs
- 16 On-demand teacher support and unlimited access to Educator Academy and user support
- 17 State-certified, highly qualified teachers provide instruction through the Apex Learning Virtual School
- 18 Integration for single sign-on, user registration, and data exchange
- 19 LMS and curriculum upgrades and updates included

“Apex Learning has made such a difference for our district and has had an incredible impact on our students, which is what it’s all about for us.”

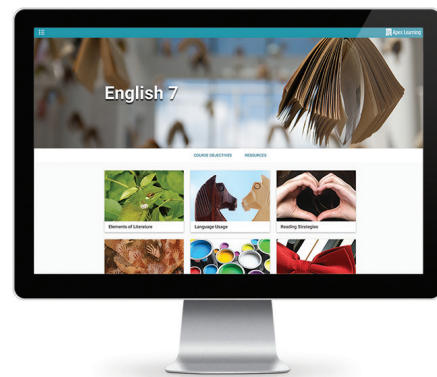

—Beth Pace, Site Coordinator
Spartanburg County School District One

Results

- 20 True efficacy is shown in quasi-experimental studies conducted by third-party groups and school district researchers, in comparison group design, and when using high-stakes exams as outcome measures. They all prove that more learning happens with Apex Learning digital curriculum.

Accredited & Approved

- 21 Cognia accredited, NCAA approved, College Board approved, and approved by many state and national review organizations. WebbAlign DOK certified partner, iNACOL and Digital Learning Collaborative (DLC) member.
