**8453.01 - CONTROL OF BLOOD-BORNE PATHOGENS**

The Board seeks to protect those staff members who may be exposed to blood pathogens and other potentially infectious materials in their performance of assigned duties.

The Superintendent shall implement a program which will:

- A. identify those categories of employees whose duties create a reasonable anticipation of exposure to blood and other infectious materials;
- B. provide for inoculation for the Hepatitis B vaccine at no cost to the staff member and in accordance with the Federally-mandated scheduling;
- C. ensure proper training in the universal precautions against exposure and/or contamination including the provision of appropriate protective supplies and equipment;
- D. establish appropriate procedures for the reporting, evaluation, and follow-up to any and all incidents of exposure;
- E. provide for record-keeping of all of the above which complies with both Federal and State laws;
- F. develop an exposure control plan.
