### New Student Immunization Requirements 2017-2018

Michigan law requires that the parent/guardian of every new student entering a public school district or private school provide an immunization record that documents that the child has received all of the required immunizations or at least one dose of each required immunization and is not yet due for the next dose. There are limited provisions to waive vaccines. **The immunization record is due at registration or no later than the first day of school.**

Refer to the chart below to determine if your child is up-to-date with their vaccines.

Schedule an appointment immediately if your child is in need of vaccines so there will be no delay in your child's admission to school.

#### Required Childhood Immunizations for Michigan School Settings

Entry Requirements for All Public & Non-Public Schools		
Age → Vaccine**↓	4 years through 6 years	7 years through 18 years including all 6th grade students
Diphtheria, Tetanus, Pertussis	4 doses DTP or DTaP, one dose must be on or after 4 years of age	4 doses D and T <b>OR</b> 3 doses Td if #1 given on or after 7 years of age. 1 dose of Tdap for children 11 through 18 years <b>IF</b> 5 years since the last dose of tetanus/diphtheria containing vaccine.
Polio	4 doses, if dose 3 administered on or after 4 years of age, only 3 doses are required	3 doses
Measles,* Mumps,* Rubella*	2 doses on or after 12 months of age	
Hepatitis B*	3 doses	
Meningococcal	<b>None</b>	1 dose for children 11-18 years of age
Varicella* (Chickenpox)	2 doses of varicella vaccine at or after 12 months of age <b>OR</b> current lab immunity <b>OR</b> reliable history of disease	

\* Current laboratory evidence of immunity is acceptable instead of immunization with antigen.

For more information, please refer to [www.michigan.gov/immunize](http://www.michigan.gov/immunize)

\*\*All doses of vaccines must be given with appropriate spacing between doses and at appropriate ages to be considered valid.

Michigan Department

Hepatitis A, HPV, and a yearly Influenza vaccine are additional vaccines recommended for certain age groups by the American Academy of Pediatrics and the Advisory Committee on Immunization Practices.
