## Updates and Information

### • **Wellness**

- As a District we are discussing preventative measures in regard to the spread of illness. We, as a staff, will work on using, and reminding our students, about appropriate hand-washing and regular use of disinfectant wipes in our classrooms. I am asking that you have these important discussions with your child(ren) as well. As we have communicated regularly, it is even more important now, that you keep your child home if there are any signs of illness including cough and fever. Thank you for helping us keep all of our students safe and healthy.
