

What are your roles in Chelsea School District?

I teach first grade and this is my fifth year in Chelsea.

What do you enjoy most about working for CSD?

I love my colleagues, especially my first grade teaching team. They help me to be a better educator and make me laugh every day.

Where did you receive your schooling, and how did you choose your field?

I went to MSU. I chose my field because I always loved learning new things and enjoyed being with young children. Teaching combined those two interests.

Where is your favorite place in the world?

I love being in nature. I really enjoy being near the ocean.

How do you spend your free time?

I love to read. I like exercising and will take long walks whenever I can. I like to watch old movies.

If you could have dinner with one person, living or dead, who would you choose?

I would choose Maya Angelou. She has such a peaceful and powerful presence and possesses so much wisdom.

If you won the lottery, what is the first thing you'd do?

Eventually I would do something charitable with the money, but first I would buy a beach house with a reading room that faces the ocean.

What would you most like to tell yourself at age 13?

Pay attention to the things that bring you joy and hold on to them. Don't let go of them when the world tells you that they are impractical.
