## **Chelsea Board of Education Statement on Equity**

As a Board of Education, we accept our individual and collective roles in creating change. We commit to using our positions — including the authority, access, and responsibility that come with them — to demonstrate an unwavering commitment to the values of diversity, belonging, equity, and inclusion.

We condemn racism and discrimination in any form. We will tirelessly work to interrupt and end harmful or inequitable practices and policies, eliminate implicit and explicit biases, and create truly inclusive, culturally responsive school environments where all adults and children feel a sense of belonging.
