

GOOD NEWS WEEK ENDING NOVEMBER 16, 2018

High School

Dr. Stephanie Maddox, Assistant Neuroscientist at McLean Hospital, visited Dr. White's Principles of Biomedical Science Class and Ms. Soccio's Human Body Systems Class to speak about the path she followed to become a neuroscientist. She showed students brain specimens they were able to touch the brain specimens while asking Dr. Maddox questions about brain function.

The SHS Drama Club has worked throughout the fall to prepare a wonderful comedy for families. They will perform, *Curious Savage*, at 7:00 pm on Friday, November 16, and at 1:00 pm and 7:00 pm on Saturday, November 17. Tickets are \$5.00 for students, \$10.00 for adults, and will be sold at the door during all three performances. Please support the SHS Drama Club!

Central Middle School

French students in Mme. Hays' classes celebrated National French week. All French students submitted either an essay or a video with the theme *Mon Français, Mon Avenir* (My French, My Future) for entry in a nationwide contest sponsored by the American Association of Teachers of French.

To promote awareness of French at SCMS, students collaborated to make projects for our main display case. Sixth graders contributed posters about Francophone countries, seventh graders finished a unit on Paris and made 3-D replicas of iconic Parisian monuments, and eighth graders made posters about why French is important around the world.

Colonial Park

At Colonial Park, our back hallway looks fantastic thanks to the hard work of our fourth grade students who designed and created "Sugar Skulls" in art class! These are representations of the artwork popular from the Mexican celebration for Day of the Dead.

In Kindergarten, our students are becoming authors and learning about the building blocks of good writing. This week, Mrs. Levine's class wrote about what they like about school. Ms. Shooshanian's class is working on a project where students will write their own books about something they can do. All students are working hard to add detail to their writing and sound out new words.

Robin Hood

A huge thank you goes out to PTO member Michele Levesque and Robin Hood School staff member Janet Chirichiello for coordinating our food drive. We collected over 29 boxes of food! We also appreciate the efforts of Michelle Geller who spearheaded the Treats for Troops. She was able to donate 80 pounds of candy! We continue to be amazed by the teamwork and spirit of our Robin Hood community.

Congratulations to one of our third grade teachers Laura Grzewinski! Ms. Grzewinski recently earned funding at DonorsChoose.org for a classroom project called "You can sit with us!" We are so grateful to the donors who contributed to helping Ms. Grzewinski maintain and safe and supportive learning environment for all her students.

South School

Students that were "Caught being.." were: Brandon, Victoria, Luke, Antonio, and Sofia!

Our 3rd graders enjoyed their field trip to Plimoth Plantation. Thank you to the staff and the parent chaperones for making this happen!

Our staff has met to plan for next week's Community Gathering. We will all wear our South Blue and learn to "Be Healthy."

Job Opportunities

The Stoneham Public Schools has the following vacancies:

- Special Education Teacher – High School
- Integrated Preschool Teacher
- Long Term Substitute – Kindergarten
- Long Term Substitute – Social Studies
- Long Term Substitute – Life Science
