

Middle School STEM Summer

POWERED BY:
STONEHAM CENTRAL MIDDLE SCHOOL
8:30 AM – 2:30 PM
COST: \$200.00/WEEK

Each camp runs for eight days!
Camps being offered:
June 17- June 20, and June 24-June 27

- Students entering grades 5 & 6
- Students entering grades 7 & 8

These projects are aligned with our
Project Lead the Way STEM Curriculum

We are unleashing the Wild Side of STEM With Everything Animals!

Each day begins with a fun team-building exercise:

- Design and Code Robotic Animals
- Design and Build a model habitats and animal prosthetics
- Invent a safe removal system for invasive species

Throughout the session, students use the latest technology to solve big challenges:

Topics include:

<ul style="list-style-type: none"> • Working with Robots • Video production and editing • Design using CAD 	<ul style="list-style-type: none"> • Redesign safer products for use around wildlife • Game creation and 3 D printing
