

# Stoneham Public Schools - PreK-12 Supplemental Resources

## March 2020

The following is a compilation of the many resources provided by each of our principals and teachers. Consider this your “one stop shopping” for all of our provided resources PreK-12.

This will be a [living document](#) and will be edited from time to time. The same applies to the resources provided by the schools. As we move down this unprecedented road, outstanding educators from around the world are identifying exemplary activities and learning opportunities for students. We want us all to be able to take advantage of these resources as they are made available.
