

May 3, 2020

Greetings,

I think we all needed a full weekend with sun and springlike weather. I hope you were able to make the best of it and that it brought some positive and upbeat energy during these challenging times. We enter May with the end of the school year in sight; 15 school days for seniors and 30 for all other grades. It could be easy at this time to pull back, especially with the challenges brought on with the pandemic, school and business closures, social distancing requirements and obviously, senioritis. However, despite these legitimate challenges and disruptions deadlines, expectations and standards still exist and are required to successfully complete the school year. Remember that the school work you are being asked to complete matters for your learning and your final grades. Continue to engage with your teacher and to seek us out whenever any questions or concerns arise. We are here to support you.

Spartan Enrichment Organization

Hello everyone,

Thank you for providing ideas on how to celebrate the 2020 Senior Class. We have shared your feedback with the High School administration and many great opportunities are being explored.

The Spartan Enrichment Organization/Senior Recognition committee's goal is to coordinate efforts which will highlight and recognize the seniors throughout our community.

A few examples of this are; banners will be hung within the town and lawn signs for each senior will adorn the SHS main driveway.

Principal Lombardi will continue to provide important updates as information/guidance is received from the State.

This year is certainly going to look and feel very different than previous years, but with the support of the entire community our seniors will know how celebrated they are!

If anyone has any other ideas/questions or concerns, please feel free to reach out.

Sincerely,

Susan Crowley

Co-President - Spartan Enrichment Organization/Senior Recognition Chair
