

Principal's Message

11/29/2020

Greetings,

I hope this letter finds you well rested and in good spirits from a happy Thanksgiving and long weekend. We enter a four week period and the first half of the second quarter. Academically it is a time for students to continue with behaviors and routines that have brought success with achievement as well as to reflect and adjust as needed for improvements. Students are encouraged to engage with their teachers as often as needed for support.

It is also a time to be diligent with our COVID safety requirements. Please continue to do your part for your own and others safety. We have benefited from a positive and strong implementation of safety requirements that have allowed us to be in Hybrid for the majority of our school year. Safety requirements matter in school and out, let's all continue to do our part and hope we can safely return to Hybrid learning sooner than later.
