Take a full-length practice test under timed conditions. A proctored practice exam will help your child build testing endurance and give you a real-time snapshot of their testing performance.

This virtual test will give your student the opportunity to work on pacing and endurance in a safe setting that best simulates the test day environment. Students will take the test online with a live proctor through Revolution Prep, and get a baseline score.

Prior to the test, Revolution Prep will send an email with details on how to access the testing materials, scoring app, and online testing room. After the test scores are received immediately via the Revolution Prep scoring app and you're invited to review your student's scores, for free, with our dedicated academic Advisor at a time convenient for you. During the session, they will breakdown your child's score to understand areas of strength and weakness and develop a custom preparation plan.

Starting the Conversation: College and Your Mental Health Webinar

Monday, March 8, 7:00 – 8:30 p.m. The webinar's panel of college administrators and a recent college graduate who experienced mental health challenges in college encourage transition age families to start conversations about mental health before students leave home. Presented by the National Alliance on Mental Illness (NAMI) Central Middlesex. Co-sponsored by the Acton-Boxborough United Way and the Mystic Valley Behavioral Health Coalition. Attendees must register in advance for this webinar at namicentralsmiddlesex.org. Attendance limited. Questions may be submitted in advance to nami.cmsx@gmail.com.
