

Contact Tracing Information

Notification is key for early intervention

- Answer the call: When an ISDH contact tracer calls, the number on the *caller ID will show as 833-670-0067 or may display as "IN Health COVID"*
- Everyone has a role to play
 - Parents and family
 - Schools
 - Local health department
 - Indiana State Department of Health

Contact tracing roles: Parents and family

Monitor their children for signs and symptoms, screening before school and extracurricular activities

- Keep them home and quarantined or isolated if they're suspected or confirmed to have COVID-19
 - Keep student home while waiting for test results
- Share positive results with kids and close contacts they know and can get tested
 - **Call their school immediately if results are positive**
LaVille Elementary 574-784-2311
LaVille Jr.-Sr. High School 574-784-3151

Centralized case investigation and contact tracing

- New cases receive the text message. *The text will come from 877-548-3444.*
 - They will then receive a call from a contact tracer.
 - The number on the *caller ID will show as 833-670-0067 or may display as "IN Health COVID" if the carrier allows it.*

Centralized case investigation and contact tracing

- You'll receive the text message. The first is initial contact asking to complete a survey. The second is daily monitoring.
 - The *text will come from 877-548-3444.* You'll then receive a call from a contact tracer. The *number on the caller ID will show as 833-670-0067 or may display as "IN Health COVID" if your carrier allows it.*
