## INDEPENDENT STUDY PROGRAM (ISP) ADDENDUM

---

### ISP POLICY

In exceptional cases and only with approval from the Director of Academic Affairs, Berean Christian can serve as the School of Record (“umbrella school”) for 100% homeschooling or other 100% independent students (i.e., students who will not be enrolled in any on-campus Berean Christian classes). As an organization chartered to disciple students in a relational, community setting, we do not believe serving as an umbrella organization for independent students is the mission of Berean Christian High School and thus we neither publicize nor encourage this option. Typically an ISP arrangement is only approved for students who are currently enrolled in on-campus classes, who would like to remain affiliated with Berean Christian, but who have an exceptional situation where they will be unable to attend on-campus Berean Christian classes for a period of time.

Fees due Berean Christian for an ISP arrangement are described below. There is no financial assistance or discount available for ISP students toward these fees.
