

## Christmas Break Athletic Shutdown

Effective today, all in-person team workouts are suspended for the duration of the holiday break. COVID-19 cases are at an all-time high and we do not want to endanger anyone in our school community. This is the safe and responsible thing to do as we move through this holiday season. It has been great having an opportunity to engage our student-athletes with in-person activities during our first semester. We can't wait for that to be the norm again and look forward to brighter days ahead in 2021.

Please stay safe and vigilant as we continue to battle this pandemic. Let me know if you have any questions.

Happy Holidays!

**Brandon Lincoln**
