

# Port Jervis Middle School

**~ WORK HARD ~**  
**~ RESPECT OTHERS ~**  
**~ PORT PRIDE ~**

As we begin the 2020-2021 school year, we expect that it will be a year unlike any other.

Our classrooms will look different, our schedules will look different BUT our faculty and staff will continue to focus on standards-driven instruction, high academic expectations, caring social and emotional support and a strong sense of community.

The transition to remote-learning provided us with an opportunity to learn new things, in new ways. Everyone; faculty, students, staff and parents stepped-up to the challenge as we concentrated all our efforts on targeted instruction, clear expectations, self-discipline and independent achievement. It is with those lessons-learned and experiences shared that we step bravely into the 2020-2021 school year.

We don't know what this year holds for us, but we will face it together. We will always be **Port Strong.**
