Dear Staff and Students,

I am writing to thank you for participating in my annual Valentines for Veterans program. I appreciate the time you spent and creativity you displayed in creating the cards for our veterans' service and sacrifice.

It is heartwarming to see the community come together to honor our nations heroes. Many have been separated from family and friends during this unconventional time and letters such as these have come to represent a new type of tradition; one that bridges the physical divide between so many but reminds us that we are never truly alone. Earlier this month, I hand delivered your Valentine's Day cards to the veterans living at the Castle Point VA Campus and distributed the remainder to local organizations who support our veterans. Your efforts and support helped our veterans feel loved and appreciated on this special day and during this difficult time. We owe everything to our veterans, and this is one simple way to show our support.

Thank you again for taking the time to help me honor the heroes who allow us to experience the freedom we have as Americans. I remain honored and humbled to represent our veterans and service-members in Congress.

Sincerely,

Sean Patrick Maloney
Member of Congress
