KINDERGARTEN/TRANSITIONAL GRADE-LEVEL SUPPLY LIST

(Please note: There may be some additional supplies requested by individual teachers once class lists are released)

Please note that iPads will be provided to all students and will be required to be transported in your child's backpack daily. While iPads have a protective case, please look at your child's backpack to ensure it has a pocket or the capability to hold the iPad as safely as possible. Additionally, the backpack should be big enough for snow pants (thinking ahead!), extra sweatshirts, and anything else your student needs for school. Thanks for your help!
