## **NEWMARKET SCHOOL DISTRICT Junior-Senior High School Principal Search**

***Invitation to participate in an online survey to help inform  
decisions about what Newmarket seeks in a  
Junior-Senior High School Principal***

An integral part of the executive search process involves student, staff, parent and community member participation in our online survey. The survey is designed to obtain input from participants about the qualities, characteristics, skills, knowledge and experience that the new principal should possess in order to be a match for Newmarket's needs. Participants are also asked to provide input as to the immediate tasks and challenges the new principal should focus upon in his/her first year in the position.

A link to the survey can be found at <https://www.surveymonkey.com/r/KBYTY8>.

All responses will be considered anonymous. Your responses would be greatly appreciated by **Monday, March 9, 2020 at noon.**

Please consider participating in this outreach process. Your voice is valued and appreciated.
