

Martin Luther School

Small School.  **Smart Choice.**

Academics

The High School program follows New York State and Common Core Curriculum standards. Their college preparation can include earning the Regents Diploma, taking offered Advanced Placement or College courses, earning a STEM certificate, and participating in SAT Prep.

Athletics & Physical Education

Students have the opportunity to participate in league athletics as well as intramural competition. The Physical Education program combines exercise and curriculum to teach students the fundamentals of different sports while promoting healthy living. Students attend P.E. class every other day.

Arts & Electives

High School students can explore their artistic capabilities and interests through a variety of options. Students can learn to play an instrument and hone their skills in Symphonic Band, exercise their vocal talents through Voice Class, Mixed Chorus, or Choir, develop their visual arts talents in Major Art or Photography, and act with Thespian Troupe #980 by participating in the three-production season.

Electives offered to students vary based on student interest, and new electives are offered every year. Students can also choose to fill their schedule with additional academic classes that fit their interests.

Spiritual Life

Martin Luther School thrives on a strong tradition of theological instruction. Students attend Theology class every other day, participate in weekly chapel service, and have the opportunity to participate in Christian fellowship activities. Students are encouraged to serve in Chapel.

Extra-Curricular Activities

In addition to participating in Tuesday Club Hour, students participate in a variety of activities and field trips throughout the year. These range from class picnics and museum visits, to singing in a Major League Ballpark, to wrestling at Madison Square Garden, to service projects and blood drives. The offerings and possibilities are endless.
