School Mission and Community

Our mission

In response to the redeeming of love Jesus Christ, Martin Luther School challenges mind and body and shapes Christian character so that students succeed as God's people in this world.

Our community

Martin Luther is a parochial, Lutheran co-education middle and high school founded in 1960 that serves the greater NYC area. The student body reflects the ethnic diversity of the city. With easy access to New York City, students have access to many resources outside the walls of the school.

College Credits

Students may earn as many as 30 credits toward their college education during their time at Martin Luther School. Classes are offered through our college partners: Monroe College, Concordia College - NY, Pace University, and St. John's University. Popular course options include: Introduction to Criminal Justice, Food and Nutrition, Conservation and Pollution of Biology, Introduction to Sport Management, and Introduction to Computing.

Students also may secure college credit through Advanced Placement courses. They are selected to take AP classes based on their average from the previous school year.

Graduation Requirements

In order to receive a high school diploma from Martin Luther School, a student must:

- Complete 24.5 credits.
- Complete 32 hours of community service

Students are permitted to take a maximum of eight credits per year. Half credit classes meet every other day for a full school year or everyday for one semester. All Martin Luther students must complete a half unit of theology each year a student is in attendance.

Once students complete the required courses within a subject, they are encouraged to take more challenging courses in that subject to prepare themselves for college and further their education.

Curriculum and Accreditation

Martin Luther School is accredited by the New York State Board of Regents and the Middle States Association. We bring together a college preparatory curriculum and an emphasis on Christian values.

Grading System—Passing grade: 70%

- All subjects including Physical Education are included in the grade point average.
- Courses are designated with an AP to denote Advanced Placement, COL for college-level, and H to denote honors courses.
- Grade point averages reflect a student's weighted average; college, honors, and AP courses are weighted.
- Students are ranked by grade point average.
