The vision of the Altoona School District, in partnership with our students, their families, and our community, is to build a foundation for life-long learning and the emotional well-being of our students. We are dedicated to offering large school opportunities with a small school approach.
We base our decisions on the best interest of the students.

We are guided by our Vision, Mission and our Strategic Plan.

We believe that every employee makes a contribution to the success of every student.

We conduct ourselves within commonly understood principles of integrity.

We listen carefully and respectfully to ensure all voices are heard.

We practice good stewardship of our tax dollars.

We seek to operate with as much transparency as possible.

We do not engage in drama or political rhetoric.

We seek a way around obstacles; reframing from an attitude of “we can’t,” to “how can we?”

A few of the solutions discussed
- Intentionally incorporate asset development and protective behaviors across the curriculum
- Share data with leadership teams (RtI, PBIS, SAT, LT, IIC, guidance team, Administrative) and staff meetings
- Update Health curriculum with information gained, and consider the grades when the information is provided
- Get sponsors for bike helmets. Plan ways that more children can be fit for helmets and be reinforced for wearing them.
- Provide lessons on healthy ways to cope with stress
Plan ways to provide positive attention
Follow-up reviewing data from ODR’s, SWIS, Harassment forms, bullying survey for information about location and student comments
Teach cool tool lesson about the process for reporting harassment.
Infuse teaching and reinforcement into daily routines such as public service announcements, video clips from student council
Build school-wide structures or options where a sense of belonging is provided (alternative recess, college students at recess/Play Fair)
Provide Culturally Responsive Practices Training (identified as high need by RtI teams, Joel Rainey to train administration and leadership teams, RtI Team, unit leaders, school board) - implications for homework, instructional practices, enrichment. Schools read Ruby Paine book, Julie Keomen B. presented to Elementary and MS. Individual PIP’s provided information. RtI visual with culturally responsive practices in the center has been shared.
Increase ways to provide parent education. (Police and Altoona parent did technology safety sessions with parents, but it was not well-attended.) Other ideas: newsletter information, community liaison, library media specialists presenting, video clips on webpage
Teach students lesson on accessing Skyward. Assign homework to show parent
Send e-mail links to parents where to find information
Look at data: How many students attended Boys and Girls Club, WYSP, summer classes? How can we reduce summer loss and provide positive social situations?
The Second Steps Curriculum is being taught in grades 4K-8, 4/5 will use 5th gr. lessons #1-9. Plan a way to include 4th gr. lessons. Career class & guidance classes provide curriculum that addresses some of the data. Steps to Respect is used in 3rd gr. Check if 4K has updated to the new Second Steps Curriculum. Look at purchasing new edition for K-3 grade levels. The curriculum materials are available in fall and incorporate more technology.
Re-look at the c-team or MS/HS intramural teams so more students are involved instead of playing video games and watching TV for 3 or more.
Develop after-school offerings or apply for a 21st Century Grant.
Provide parents with information about what to talk with their kids about and at what ages based on YRBS results.
Share some of the data with parents so they see the impact that they have on their child’s beliefs and choices

About the YRBS:

The Wisconsin Youth Risk Behavior Survey (YRBS) is conducted as part of a national effort by the U.S. Centers for Disease Control and Prevention to monitor health-risk behaviors of the nation's high school students. These behaviors, in turn, result in the most significant causes of both mortality and morbidity during youth and adulthood. The behaviors monitored by the Wisconsin YRBS include traffic safety; weapons and violence; suicide; tobacco use; alcohol and other drug use; sexual behavior; and diet, nutrition and exercise.

The Department of Public Instruction (DPI) has administered the YRBS every two years beginning with 1993. The YRBS is administered to students in Wisconsin’s public middle and high schools. Survey procedures were designed to protect the privacy of students by allowing anonymous and voluntary participation. Local parent permission procedures were followed before administration, including informing parents that their child’s participation was voluntary.
2013

Wisconsin Youth Risk Behavior Survey
High School Questionnaire
This survey is about health behavior. It has been developed so you can tell us what you do that may affect your health. The information you give will be used to develop better health education for young people like yourself.

DO NOT write your name on this survey. The answers you give will be kept private. No one will know what you write. Answer the questions based on what you really do.

Completing the survey is voluntary. Whether or not you answer the questions will not affect your grade in this class. If you are not comfortable answering a question, just leave it blank.

The questions that ask about your background will be used only to describe the types of students completing this survey. The information will not be used to find out your name. No names will ever be reported.

Make sure to read every question. Fill in the ovals completely. When you are finished, follow the instructions of the person giving you the survey.

COMMUNITY USE OF SCHOOL FACILITIES

Policy 830
(formerly KG)

Policy is included for reference purposes.

The Altoona Board of Education recognizes and is appreciative that members of the Altoona community support its public schools. The Altoona public school facilities will therefore be operated primarily for the benefit of District students and citizens. All organizations requesting facility use shall meet the criteria set forth herein which provides, among other things, that the organizations’ purpose shall not be contrary to the District’s mission, conflict with Board Policy or undermine the District’s educational objectives. No organization shall be construed as, or constitute an endorsement by the District, Board, or School, of the organization or its product, service, or program, etc.

The Altoona School District’s “Community Use of School Facilities” policy governs the use of all District property including, but not limited to, classrooms, auditoriums, gymnasiums, cafeterias and recreational facilities. This policy and its rules are designed to comply with local, state and federal law.

The Altoona School District may grant temporary facility use to organizations when it does not interfere with the instructional programming, co-curricular activities, or school-sponsored events of the District. A schedule of fees will be approved by the Board of Education. The schedule will take into consideration the purpose of the event and include fees sufficient to cover operational expenses, in addition to any required custodial services, technological services, or other additional help.

All applications for school facility use shall be submitted to the school director’s Activities Director’s office.

The Fee Schedule and priority of use are as follows:

Class 1: All Altoona School District activities, school booster clubs, PTO, and similar school-associated activities

Class 2: Activities organized by and under the jurisdiction of the Altoona Parks and Recreation Department; or organized activities that contribute to the health and wellness of students of the Altoona School District

Class 3: Other non-school activities of organizations that are located within the Altoona School District

Class 4: Other non-school activities of organizations that are located outside of the Altoona School District
The Board and the schools reserve the right to refuse or decline the offer of facility rental. In determining whether a request for use of facilities should be referred to the Board of Education on the basis that a proposed activity may be denied, the Superintendent or designee shall consider:

- Whether the proposed activity is inconsistent with the educational mission of the public schools as identified by reference to Chapter 118 of the Wisconsin Statutes;
- Whether the proposed activity involves or encourages behavior that is deemed inappropriate under school policies governing student conduct during school hours;
- Whether the proposed activity poses an unreasonable risk of physical injury to school age attendees or participants;
- Whether the proposed activity poses a substantial risk to school personnel or security;
- Whether the proposed activity poses a substantial risk of damage to school property;
- Whether the proposed activity poses a substantial risk of illegal activities;
- Whether the proposed activity involves subject matter which is obscene, determined by reference to an activity's intended audience or participants.

The failure of an organization or group to follow this policy or the associated administrative rules relating to community use of school facilities may lead to the suspension of that organization's facility usage privileges.

Executive Director’s Report
Boards Goals:

1. Understand that conversations build relationships, relationships build trust, and trust builds student achievement. So create opportunities for more conversations.

   **Suggested:** As per the Strategic Plan, create opportunities for more conversations.

2. Beginning in 2014-2015, every student will read at grade level by the end of 3rd grade.

3. Beginning in 2015-2016, at least 90% of students at each grade level will meet or exceed proficiency benchmarks in all subjects areas on the State assessments.

4. Beginning in 2016-2017, at least 80% of each class will have taken the ACT and achieved an average composite score of 25.

**Suggestions/Discussion for 2-3:**
- .... “exceed state average” rather than specifying a number.
- Are percentages realistic? Connie will check data
- What date does the new law (ACT) go into effect?

Hi Connie,

This morning I conducted a walk through at your Elementary and Middle Schools and wanted to report on my observations. I noticed a lot of bright colored furniture and décor which is great. I also noticed a lot more 5-bulb floor lamps in the classrooms, most with incandescent bulbs (ancient, inefficient technology), which isn’t great for your operating costs. I also noticed more and more refrigerators being brought from home, and what’s worse is that some teachers are coming back already and plugging them in a full month before school starts.

Especially in a time of tight budgets, the wasteful spending on electricity for unnecessary classroom appliances should be one of the first places to tighten up. Teachers that push back at this initiative don’t have a leg to stand on because no other school districts that I work with or have worked with in the past (including Augusta, Arcadia, Chetek, Durand, Eau Claire, Elk Mound, Gilman, Menomonie, New Richmond, St Croix Falls) allow classroom appliances. Greg and I have worked very hard the last 3 years to reduce energy use and costs at Altoona Schools and I would hate to see energy use go up because of unnecessary practices.

I strongly recommend that Altoona Schools adopt an energy policy which doesn’t allow floor lamps and appliances in the classrooms. An energy policy is also the best way to standardize heating and cooling setpoints. If staff knows that the heat will be set at 70 degrees and cooling will be set at 75 degrees (or whatever setpoints you decide on), they will dress accordingly and the number of complaints or requests to change the temperature that Greg has to deal with goes down. I have attached an Energy Policy template for you to consider. I would be happy to sit down with you and Greg to go through it in detail if you like. Please let me know. Thanks.

Subject: 2013-15 Biennial Budget Implementation Update

As you are aware, Governor Walker signed 2013 Wisconsin Act 20, the 2013-15 biennial budget bill, into law on June 30, 2013. I want to provide you with an update on the implementation of several key education-related initiatives contained in the budget. For a complete summary of the budget bill’s impact on K-12 education, please refer to DPI’s full summary of Act 20.

COMMON CORE STATE STANDARDS

As part of Act 20, the Legislature and Governor directed a review of Wisconsin’s new standards, but supported continuing implementation of the Common Core State Standards (CCSS) in English Language Arts and Mathematics and fully funded the accompanying assessments that will measure mastery of the CCSS. Specifically, Act 20 directs DPI to do the following:

- Provide a written evaluation of the CCSS to the: (a) Governor; (b) Speaker of the Assembly and President of Senate; and (c) chairperson of a CCSS legislative study committee if one is convened, by September 1, 2013;
- Work with the Legislative Fiscal Bureau to estimate the fiscal impact of the CCSS by September 1, 2013;
- Participate as a member of a legislative study committee to study issues relating to CCSS or other standards, if one is convened;
- Hold at least three public meetings and takes public testimony regarding the adoption of educational standards; and
- By July 1, 2014, adopt educational standards that meet national and international benchmarks for college and career readiness standards, are aligned with postsecondary educational expectations, and fulfill the requirements necessary for the state to receive a waiver under 20 USC 7861 [Elementary and Secondary Education Act].

As a result, no part of this budget provision affects local implementation of the CCSS or a local district’s preparation for the change to CCSS-aligned assessments in 2014-15. DPI looks forward to the opportunity presented by Act 20 to work with students, parents, educators, business leaders, elected officials, and the public around the Common Core and our efforts in support of higher, more rigorous standards. For questions about implementation of the CCSS, please visit our DPI District Implementation Center webpage for local implementation resources.
STATEWIDE STUDENT INFORMATION SYSTEM

Act 20 eliminated the existing statutory requirement for a statewide student information system (SSIS) that had been enacted as part of 2011 Act 32, the 2011-13 biennial budget bill, and eliminated the $13.9 million in funding that the DPI and Governor had proposed to fund the requirements of the law. In its place, the Legislature allocated $7,100,000 GPR in FY14 and requires DPI to develop a proposal for a multi-vendor student information system for the standardized collection of pupil data. DPI must submit any new proposal to the Joint Committee on Finance (JCF) for its approval, disapproval, or modification, and the JFC must authorize the release of any funds.

A modernized student information and data collection system is critical to the success and timely implementation of many key educational initiatives. DPI is in the process of exploring next steps and alternatives to the SSIS, based on the new language adopted by the Legislature. DPI will keep you apprised as the process moves forward, and updates will be posted to DPI’s SSIS webpage as they develop.

STATEWIDE PRIVATE SCHOOL VOUCHER EXPANSION

The budget expanded the private school voucher program to all school districts statewide. It specified that no more than 500 FTE pupils in 2013-14 and 1,000 FTE pupils in 2014-15 and in each year thereafter outside of Milwaukee Public Schools and Racine Unified School District would be able to attend the voucher program. A pupil's total family income cannot exceed 185% of the federal poverty level to be eligible for the program, and no more than 1% of the pupil membership of a newly eligible district could attend a participating voucher school.

The department is working diligently to get the statewide program up and running for the 2013-14 school year, as directed by law. For the most up-to-date information on program requirements, dates, and timelines, please visit the statewide voucher webpage.

COURSE OPTIONS

Act 20 made significant changes to part-time open enrollment, now renamed “Course Options.” Among other changes, Course Options is now open to students in all grades and allows pupils to take courses offered by an “educational institution,” including a nonresident school district, UW System, technical college, nonprofit institution of higher learning, tribal college, charter school (including a “2r” charter school), and nonprofit organization approved by the department. The resident school district is required to pay the cost of the course to the educational institution, but requires DPI to determine the manner of calculating the cost of the course and prohibits the educational institution from charging a pupil or the pupil’s school district any additional payment for attending the course.

DPI is currently working to develop guidance around the implementation of this new program, which will be available to districts and families in the near future.
EDUCATOR EFFECTIVENESS

The budget fulfilled the DPI’s request for resources to implement the state’s educator effectiveness evaluation system. Funding includes grants to school districts and independent (2r) charter schools to fully support the development and implementation of the Wisconsin educator effectiveness system (or an equivalency process developed by administrative rule), including training, Teachscape licenses, regional support, and technical assistance.

Statewide piloting and implementation of the educator effectiveness system is ongoing. Please visit DPI’s Educator Effectiveness website for more information.

EXPANDED PALS ASSESSMENT OF READING READINESS

The budget provides funds to phase in the PALS reading assessment program by adding pupils in grades 4K through 2 over the biennium (as recommended by the Read to Lead Task Force). In the 2013-14 school year, 4K, 5K, and first grade students will participate in the reading assessment program. Second graders will be added in the 2014-15 school year. In addition, the budget requires that, in 2014-15, the department pilot an oral vocabulary assessment for second grade pupils. Additional information can be found on the PALS website.

NEXT GENERATION ASSESSMENTS/ACT SUITE

The budget provides resources to: a) fund the final year of the Wisconsin Knowledge and Concepts Examinations (WKCE) in 2013-14; b) administer the new Smarter Balanced and Dynamic Learning assessment systems in 2014-15; c) continue the science and social studies portions of the WKCE in 2014-15; and d) implement the full ACT suite for high school pupils statewide, including Explore (9th grade), Plan (10th grade), ACT college entrance exam and WorkKeys (11th grade) in 2014-15. Additional information about student assessments can be found via DPI’s Office of Student Assessment.

ACADEMIC AND CAREER PLANS

Academic and Career Plans (ACPs), also known as individual learning plans or individual graduation plans, are student-driven tools that help students create programs of study that are aligned with high school graduation requirements, personal interests, and individually-defined career goals. An ACP can refer to both a process that helps students engage in career development activities and a product (document/portfolio) that is created and maintained for the student’s academic, career, and personal advancement.

Act 20 requires that, beginning in the 2017-18 school year, every school board provide ACP services to all district pupils in grades 6 to 12. The budget allocates $1,100,000 GPR in 2014-15 to DPI to implement academic and career planning services and requires DPI to procure, install, and maintain information technology, including computer
software, to be used statewide by school districts to provide ACP services, and requires DPI to provide guidance, training, and technical assistance to school districts and staff, including teachers and counselors, on how to implement model ACPs. In partnership with a variety of stakeholders, the department has begun working on guidance around the implementation of ACPs, with much work to be done in coming years. We look forward to working with you to ensure the success of this critical new endeavor.

WISEdash

The budget provides resources for the department to continue development and maintenance of the longitudinal data system (LDS) and WISEdash, the department’s data warehouse and reporting systems to meet the needs of education decision makers at both the state and local level as well as federal and state reporting requirements. The LDS is comprised of a comprehensive data warehouse storing pupil and school data from a variety of sources, including reporting tools to access the data and for users to use for reporting and analysis. WISEdash is the department’s business intelligence tool. The goal of WISEdash is to increase access to education data - and, in doing so, enable more data-informed decisions - by providing access to an unprecedented number of reports on a variety of topics. The statewide rollout of WISEdash is continuing in 2013, and additional information can be found on the WISEdash homepage.

Act 20 includes several new challenges and opportunities that must be addressed, but also invests substantially in many of the core educational reforms that we have worked together to put in place over the past several years. Thank you for your continued work on behalf of Wisconsin’s students, and we look forward to continuing to work with you as we implement the requirements of the new budget bill. If you have further questions on these budget items, please contact me.

Dear City Council Members,

Over the course of this past school year the district staff has worked with Officer James to improve the safety conditions around and at the School District of Altoona. The major concerns addressed were the drop off and pick up areas around the elementary school and the lack of consistent signage around the buildings.

In an effort to improve safety for students, buses, parents and community members, the drop off and pick up points for the Elementary and Intermediate School will be changed from Third Street to Bartlett Avenue, in front of the Elementary and Middle Schools, for the 2013-2014 school year. This change will improve safety for students, parents and community members as well as create more off street parking for staff and visitors. Elementary and Intermediate students will be dismissed at 3:30pm from doors E3, E11 and M1. Non-bus riders will be dismissed from the playground. In conversations with Officer James and Student Transit representatives, we have determined that the best signage to offer consistency to parents and safety for all would be the following.

No parking signs will be posted on Bartlett Avenue from the northwest side of the playground fence-east side of Pedersen Elementary to the end of the Middle School building or west side of building near 6th Street West. Green Student Drop-Off and Pick-Up Signs will be placed in front (north side) of the playground and from 6th Street West to 7th Street West on Middle School side. Cones will be placed and identified as a No Parking zone from 4th Street West heading east to the play-ground fence area for safety reasons and crossing of students.

We will have the Pedersen Elementary buses travel north onto 4th Street west requesting that the entire 500 block of 4th Street west be a No Parking zone, again for safety reasons and a clean exit for the buses. There is a worry about the traffic congestion at 3rd Street west and Bartlett Avenue. This would allow the buses to depart without issue. Adult crossing guards would stop traffic when the buses are ready to depart after school just like the present Middle School procedure.

We would like to request that the entire 4th Street west be marked at the east-west intersections north to Spooner Avenue with stop signs. This would assist in a critical incident having multiple lanes for emergency vehicles to travel on. (4th Street West and 6th Street West) There have been several complaints of speeding traffic on Garfield Avenue and this would assist and create a safer route to come and go from school. We would request that No Parking signs from here to corner at the 1700 block of Garfield Avenue be placed mid-block and go west to intersection for safe turning of buses upon departure from the school.

If these ideas would not work we would have to look at making the entire south side of Bartlett Avenue from 3rd Street West to 7th Street west a complete No Parking zone and that will create even further traffic and safety issues for parents within our school district and community.

We have funds from a “Safe Routes to Schools” grant that should cover most if not all of the costs for the signs. I hope you will consider these requests for the safety of our children and community members.

Sincerely,

Dr. Connie M. Biedron, Superintendent

About the Project:
This project entails the installation of user keypad (or keyfob reader) on copiers for the purpose of tracking use and the resulting costs

- Expected return on investment: 2-4 years
- Installation will occur before school begins

We are currently in year 4- of a 5-year contract with EO Johnson for copying and printing services. Because of this current contract status, they are uniquely able to integrate the accounting system with the equipment that we currently have deployed, and roll the cost into the contract making the monthly payments manageable.

INTRODUCTION

WELCOME

We are pleased to have you as support staff in the School District of Altoona. The five members of the Altoona School Board believe that every employee makes a contribution to the success of every student. The skills and commitment each support staff brings to his/her job makes an important contribution to our vision and mission as we work in partnership to build a foundation for life-long learning and the emotional well-being of our students from 4-year-old kindergarten through twelfth grade.

The Superintendent is delegated with the responsibility for overall administration of the schools and implementation of Board policies.

It is each employee’s responsibility to read and become familiar with this information and to comply with the policies adopted by the Board and the administrative guidelines available electronically on the District website, as well as the rules and regulations contained herein. Any section in the handbook that is governed by a Board policy will note the policy number for easy access.

This Support Staff Handbook has been written to provide information and guidance. Given the reality of a complex, ever-evolving organization, the information in this handbook is not all-inclusive. We recognize that support staff may have questions relating to their specific position or responsibilities. You are encouraged to direct any specific inquiries you may have to your building principal or supervisor.

For purposes of this handbook, the category Support Staff includes foodservice employees, clerical and aide employees, custodial and maintenance employees, crossing guards, playground and lunchroom aides, and other nonunion/non-contracted support staff who may be added to the work force on a permanent, temporary or seasonal basis.

We are pleased to have you as a member of our team and hope that you find that the satisfaction gained from doing your job matches the effort you put into your work.

DISCLAIMER

This Support Staff Handbook has been prepared for informational purposes only. None of the statements, policies and administrative guidelines, rules, or regulations contained herein constitutes a guarantee of employment, a guarantee of any other right or benefit, or a contract of employment, express or implied. All of the district’s employees are employed at will and employment is not for any definite period, unless otherwise provided by individual contract.

Violations of the terms of the Support Staff Handbook, policies, regulations, or guidelines may result in disciplinary action up to and including termination of employment (see Grievance Procedure - Policy 527).

The provisions set forth in this Handbook may be altered, modified, changed, or eliminated at any time by the District. This Support Staff Handbook supersedes any and all previous handbooks, statements, policies and administrative guidelines, rules, or regulations given to employees, whether verbal, written or established by past practice.

This Handbook is not all-inclusive of the information for which staff members are responsible for knowing and following.
EMPLOYMENT POLICIES

THE ROLE OF THE MANAGEMENT

Certain rights and responsibilities are imposed by state and federal laws and regulations. Many of these rights and responsibilities have implications for policies and procedures governing employment. For this reason, the Employer reserves any and all management rights regarding employee’s employment status.

General Guidelines: The role of management includes, but is not limited to, the right to:

A. Manage and direct employees;
B. Hire, promote, schedule, transfer and assign employees;
C. Layoff and recall employees;
D. Discharge employees or take disciplinary action;
E. Schedule overtime as required;
F. Develop job descriptions;
G. Assign work duties;
H. Introduce new or improved methods or facilities or change existing methods or facilities;
I. Contract out for goods and services;
J. Discontinue certain operations; and
K. Direct all operations of the School District of Altoona.

HARASSMENT

The School District of Altoona is committed to maintaining and ensuring a working environment that is free of harassment or intimidation. The District will not tolerate any form of harassment, and will take necessary and appropriate action to eliminate it.

As noted in Policy 512, “Harassment” is defined as behavior toward an individual based, in whole or in part, on a person's sex, race, religion, national origin, color, ancestry, creed, pregnancy, marital status, sexual orientation, disability, age or other protected status which has the purpose or effect of: (1) creating an intimidating, hostile or offensive work or learning environment; (2) interfering with a person's work or educational performance; or (3) otherwise adversely affecting a person's employment opportunities. Unlawful harassment can occur as a result of a single incident or a pattern of behavior and includes conduct that takes place off the job that relates to the work environment. It may occur from student to student, student to staff, staff to student, staff to staff, members of the public to student or staff, male to female, male to male, female to male, or female to female.

Any individual who believes he/she has been subjected to unlawful harassment by any other person should report the incident immediately via the Employee Harassment Form (512-Exhibit) to their building principal or immediate supervisor unless the principal or supervisor is the subject of the complaint, in which case it must be delivered to the Superintendent. It is the intent of the District to establish an atmosphere where complaints are timely investigated and any allegation of harassment is appropriately addressed.

The District forbids retaliation against anyone who has reported harassment or cooperates in a harassment investigation.
COMMUNICATIONS AND SUGGESTIONS

The District values the comments and suggestions of its employees concerning work methods and operations. Support staff should follow Policy 521.1 – Staff Communications and Lines of Responsibility, which is illustrated in the Lines of Responsibility and Communications flow chart (521.1-Exhibit), when offering a suggestion or comment.

CONFLICT OF INTEREST AND ETHICAL STANDARDS

Support staff are expected to maintain high standards of honesty, integrity, impartiality, and professional conduct. Further, staff members are expected to perform their duties in a manner free from conflict of interest pursuant to §19.59 and § 946.13 Wisconsin Stats.

DRUG-FREE WORKPLACE

The District seeks to provide a safe, drug and tobacco-free workplace for all of its employees. The manufacture, distribution, dispensation, possession, or use of tobacco, alcohol, inhalants, controlled substances, substances represented to be such (i.e. fake or look-alike substances), or unauthorized prescription medication, is prohibited on school premises, in school vehicles, or at school activities. In addition, the District will not condone the involvement of any employee with illicit drugs, even where the employee is not on District premises. Employees of the school system shall not possess, use, be under the influence of, or distribute any illegal drug, unauthorized prescription medication or alcoholic beverage as defined in Wisconsin Statutes while on school premises, during working hours or while responsible for chaperoning students on school-sponsored trips. Any employee who possesses, uses, or distributes any illegal drug, unauthorized prescription medication or alcoholic beverage on school premises, during working hours or while responsible for chaperoning students on a school-sponsored trip may be disciplined, up to and including discharge. All school employees shall cooperate with law enforcement agencies in investigations concerning any violation of this provision.

As a further condition of employment, an employee who is engaged in the performance of a federal grant shall notify the Superintendent of any criminal drug statute conviction for a violation occurring in the workplace no later than three days after such conviction. Within ten days of receiving such notice – from the employee or any other source – the District shall notify the federal granting agency of the conviction 41 U.S.C. 702(a) (1) E).

After receiving notice from an employee of a conviction for any drug statute violation occurring in the workplace, the District shall (1) take appropriate personnel action against the employee, up to and including termination of employment, and/or (2) require the employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a federal, state, or local health agency, law enforcement agency, or other appropriate agency. 41 U.S.C. 703 [This notice complies with notice requirements imposed by the federal Drug-Free Workplace Act (41 U.S.C. 702)].

EQUAL EMPLOYMENT OPPORTUNITY AND NON-DISCRIMINATION

The Board of Education does not discriminate in the employment of any qualified staff on the basis of any characteristic protected under State or Federal law including, but not limited to, race, color, age, sex, creed or religion, genetic information, handicap or disability, marital status, citizenship status, veteran status, military service (as defined in §111.32, Wis. Stats.), sexual orientation, national origin, ancestry,
arrest record, conviction record, use or non-use of lawful products off the District’s premises during non-working hours, or any other characteristic protected by law in its employment practices.

In accordance with the Americans with Disabilities Act (ADA), the District will reasonably accommodate qualified individuals with a disability so that the individual can perform the essential functions of his/her job.

IMMIGRATION LAW COMPLIANCE

The District is committed to employing only United States citizens and aliens who are authorized to work in the United States. Therefore, in accordance with the Immigration Reform and Control Act of 1986, employees must complete an I-9 form before commencing work and at other times prescribed by applicable law or District policy.

PERSONNEL FILES

It is critical to effective human resource management and necessary for satisfaction of legal obligations that the Board maintains accurate personnel records. If an employee has a change in any of the following information, the employee is expected to contact the Payroll Office as soon as possible:

1. Legal name
2. Home address
3. Telephone number
4. Emergency contact
5. Marital status
6. Change of beneficiary
7. Exemptions (W-4 Tax Form)

Any access granted for review and inspection of a personnel file must be completed in accordance with state law. The District shall maintain personnel records of employees and grant access to inspect or review those records as provided for in §103.13 Wis. Stats.

If there is any disagreement with the content or information contained in an employee’s personnel record, the employee may request that a correction be made to the information in question or to have the content in question removed from the file. However, the administration retains full discretion to grant or deny such request or removal.

POLITICAL ACTIVITIES OF STAFF

Because political activities may be disruptive, divisive, and distracting to a positive learning environment, such activities are not appropriate within the school setting. The Board prohibits political activities on all District owned and used property, within all school buildings, in school buses and vehicles, and at all school sponsored activities unless part of a Board approved curriculum.

Definition of Political Activities: Political activities include partisan and non-partisan elections and referendums. Any political activity must be conducted independent of your role as an employee. The following guidelines are not exhaustive, but are intended to help in differentiating between those activities that may be viewed as harmful to workplace functioning and those activities that generally fall
outside the “political” activities subject to employer restrictions and intervention. Employees are expected to avoid the following political activities:

- Using working hours or employer resources to solicit money or signatures or to make political contributions;
- Using non-work hours to solicit contributions, signatures or services from other employees who are on work time;
- Posting political materials in areas open to the public (generally, individual work stations that are not available to the public are exempted from this restriction);
- Using the employer’s mailing address as the return address for political solicitations;
- Providing employer mailing lists to any individual or organization for political solicitations if this information is not generally available to the public. (Note: the use and distribution of employer mailing lists to outside parties always requires prior authorization including an assessment of whether fees should be charged to cover production costs);
- Providing a forum for an individual candidate to promote his or her campaign without giving an equal opportunity to other candidates, for the same office, to participate in the forum;
- Political advocacy in the form of clothing items, armbands and buttons that cause a disruption in operations and/or violate the rights of others including the right to be free from discrimination, harassment and intimidation in the workplace.
EMPLOYMENT CONDITIONS

EXPECTATIONS

Attendance
The District expects support staff to make every effort to be present for work. All support staff are expected to adhere to their assigned schedule. In order for the District to operate effectively, support staff are expected to perform all assigned duties and work all scheduled hours during each designated workday, unless the support staff has received approved leave. Breaks and meal periods may only be taken during times designated by the support staff’s building principal/supervisor and as further specified in other parts of this Support Staff Handbook. Any deviation from assigned hours must have prior approval from the support staff’s building principal/supervisor.

Support staff that are unable to report to work shall follow the procedures for reporting his/her absence and obtaining a substitute, if required. Any time spent not working during a support staff’s scheduled day must be accounted for in Employee Access. The District monitors attendance and absence patterns. Failure to notify the District of an absence and failure to report to work on such day could result in disciplinary action up to and including termination. Failure to return to work the day following the expiration of an authorized leave of absence may result in termination of employment depending upon the circumstances.

Child Abuse Reporting Requirement
Wisconsin Statutes 48.981 requires all school district employees to report cases of suspected child abuse or neglect. Each support staff employed by the District who has reasonable cause to suspect child abuse or neglect shall be responsible for reporting immediately every case, whether ascertained or suspected, of abuse or neglect resulting in physical or mental injury to a student by other than accidental means. The support staff shall immediately notify their building principal or supervisor according to the District’s reporting procedure for Student Abuse or Neglect.

A reporting staff member shall not be dismissed or otherwise penalized for making a report of child abuse or neglect. Failure to report cases of suspected child abuse or neglect shall result in discipline, up to and including discharge.

Confidentiality
Wisconsin Statutes 118.125 and 118.126 outline the confidentiality of all student records including behavioral, health, and academic records. The District interprets these statutes to mean that unless an individual has a “right to know,” the academic, health, and behavioral records of students are not to be shared. This can be carried forward to both the written record and verbal conveyance of student health, academic, and behavior progress (or lack thereof). Open discussion of student progress, behavior, or health issues with individuals that do not have a “right to know” could be contrary to Wisconsin Statutes and could compromise professional accountability. These statutes are not intended to restrict staff from asking for assistance or ideas on how to handle a particular situation.

Failure to maintain the confidentiality of student records may result in discipline, up to and include discharge.

Copyright
A variety of machines and equipment for reproducing materials to assist employees in carrying out their assignments are available to support staff in the school setting. Infringement on copyrighted material, whether prose, poetry, graphic images, music audiotapes, video, or computer-programmed materials, is a
serious offense against federal law, a violation of Board policy, and contrary to ethical standards for District employees. All reproduction of copyrighted material shall be conducted strictly in accordance with applicable provisions of law. Unless otherwise allowed as “fair use” under federal law, permission must be acquired from the copyright owner prior to reproduction of material in any form. Employees are further advised that copyright provisions apply to all forms of digital media.

Crisis Management Plans
The District has standardized procedures for use when the situation requires emergency safety measures. Each support staff is responsible for posting the evacuation, hold and lockdown procedures in their classroom/workplace and for familiarizing themselves with the contents of the Staff Crisis Response Guidelines “plastic sleeve.” Employees must follow the prescribed procedures during any emergency drill or situation.

District Property
The District may supply an employee with equipment or supplies to assist the support staff in performing his/her job duties. All employees are expected to show reasonable care for any equipment issued and to take precautions for theft.

Employees may not utilize District property for personal use or gain. Limited use of telecommunications equipment, computer equipment, software, and minimal duplication-for-a-fee copy machine use are exceptions when used in a manner that does not interfere with the work responsibilities of the support staff and does not violate Handbook provisions.

Any equipment, unused supplies, or keys issued must be returned prior to the support staff’s last day of employment, including, but not limited to employee identification badges, parking permit, keys, and the key fob for building entry.

Emergency Drills
Every school conducts emergency drills in accordance with state law. All employees present in a building at the time of an emergency drill are required to participate in the drill and follow procedures during any and all emergency drills.

Equipment Disposal or Relocation
All District-owned equipment intended to be moved to another building site or declared surplus must first be approved by the principal/supervisor for such change in use. Procedures for disposal of school property are specified in Policy 690.

False Reports
Employees may be disciplined for filing false reports or statements including, but not limited to, the following: accident reports, attendance reports, insurance reports, investigatory interviews, physician’s statements, pre-employment statements, paid leave requests, student records, tax withholding forms, and work reports.

Information Technology
The School District of Altoona has established policies that specify the rules for employee use of District-owned technology. Support staff are expected to know and abide by the District’s policies and administrative guidelines related to use of technology.

Users of the District’s information technology should have no expectation of privacy in the content of their personal files and records of their online activity while on the District’s network.
Electronic Media and Social Media Use
It is the policy of the employer that information, in all its forms, written, spoken, recorded electronically, or printed, will be protected from accidental or intentional unauthorized modification, destruction, or disclosure. All electronic media must be protected from misuse, unauthorized manipulation, and destruction. It is further the policy of the employer that employees may not use social media technology to engage in or post communications or material that would violate any Handbook policy, including, but not limited to, using technology to post communications or materials that are derogatory or offensive with respect to race, religion, gender, sexual orientation, national origin, disability, age, or any other legally protected class status. Guidelines for electronic media and social media use, reporting of policy deviations, and possible result of policy violation are listed in Policy 522.71.

Injuries to Employees
Support staff are covered under Workers Compensation Insurance. Workers’ compensation is to provide for payment of medical expenses and for partial salary continuation in the event of a work-related accident or illness. The amount of benefits payable and the duration of payment will depend upon the nature of the injury or illness.

Any employee who is injured on the job shall report the injury to his/her principal/supervisor prior to seeking medical attention, if at all possible. In the event of an emergency, the employee shall notify his/her principal/supervisor within twenty-four hours after the occurrence of the injury or as soon as practicable. The employee shall complete an accident report form available on the District website. The support staff may be assigned alternate duties subject to permission from their physician.

Some types of injuries suffered while at work may not be covered by worker’s compensation insurance.

Injuries to Students
Support staff are responsible for reporting any student injury to the school office immediately. Each school’s procedures for first aid, medical assistance, emergency assistance, parental contact, and appropriate written reports will be followed.

Legal Actions Involving Employees
Every support staff shall notify his/her principal/supervisor as soon as possible, but no more than three calendar days after any felony conviction.

Support staff must also report an offense of operating under the influence, revocation or suspension of license, and driving after revocation or suspension if the employee drives or operates a District vehicle or piece of mobile equipment or transports students or staff in any vehicle. Failure to report under this section may result in disciplinary action, up to and including termination. Such report shall be made as soon as possible, but in no circumstance more than three calendar days after the event giving rise to the duty to report. The District may conduct criminal history and background checks on its employees.

Nothing herein shall prohibit the District from placing an employee on administrative leave pending investigation of a legal matter that may be substantially related to employment.

Licensure/Certification
All matters related to obtaining and renewing a license or certification is the support staff’s personal responsibility. Each support staff who is required to be licensed or certified by law must provide the District with a copy of his/her current license or certificate to be maintained in his/her personnel file.
Support staff are expected to know the expiration date of their license/certification and meet the requirements for re-licensure or certification in a timely manner. A contract with any person not legally authorized shall be void. Support Staff are required to maintain the licenses that are in effect upon hire or as otherwise required; failure to maintain licensure may result in discipline, up to and including discharge from employment. 

**Operation of Personal Vehicle**

Support staff that is required to drive their personal vehicle for District business or activities will be reimbursed at the IRS rate. The employee’s personal insurance shall serve as the first level of coverage.

**Outside Employment**

Outside employment is regarded as employment for compensation that is not within the duties and responsibilities of the support staff’s regular position with the District. Support staff shall not be prohibited from holding employment outside the District as long as such employment does not interfere with assigned school duties as determined by the District. The Board expects support staff to devote maximum effort to the position in which employed. A support staff will not perform any duties related to an outside job during the additional time that the responsibilities of the District’s position require; nor will support staff use any District facilities, equipment, or materials in performing outside work.

**Physical Examination**

Examination: Upon initial employment, physical examinations shall be required of District employees in accordance with section 118.25 of the Wisconsin Statutes. When hired, support staff will be given a conditional offer of employment, contingent on evidence that the support staff is of sound health and able to perform the essential functions of their job.

Fitness for Duty: The District may require a physical and/or mental examination, at the expense of the District, in order to determine the support staff’s ability to perform the essential functions of his/her job, if the inquiry is job-related and consistent with business necessity, and consistent with the limitations imposed by applicable State and Federal law. The examination is to be conducted by a physician of the District’s choosing. Failure to comply with this request or failure to provide a doctor’s certification of fitness for duties assigned may result in discipline up to and including discharge/termination.

**Professional Appearance/Dress Code**

Support staff are judged not only by their service but also by their appearance. It is the District’s expectation that every support staff’s appearance is consistent with the high standards we set for ourselves as a District. Support staff are expected to present a well-groomed, professional appearance and to practice good personal hygiene as employees represent the District to students, parents and the public.

The District will not tolerate dress or attire from support staff that is considered disruptive, inappropriate, of a political nature or which adversely affects the educational atmosphere.

Enforcement of this policy must be non-discriminatory with regard to sex, race, religion or other legally-protected class status.

EMPLOYEE PERFORMANCE AND EVALUATION

Employee Evaluation

The District views employee evaluation as an ongoing process: (1) to raise the quality services to the children of our community; (2) to promote the growth of support staff; (3) to identify strengths and weaknesses with the intent of improving performance; and (4) to support the community’s expectation that performance is evaluated, monitored and improved. The process for evaluation of the support staff is specified in Policy GDN – Evaluation of Support Staff.

Employee Discipline

The Board or designee has the right to suspend or otherwise discipline and to discharge an employee. A support staff may be disciplined for violations of Board or Handbook policy or for other failure to meet the expectations and obligations of their position. No employee may be subject to arbitrary or capricious disciplinary action.

---

3 See if our additions make sense. Depending on who is covered by the Handbook, you may need to edit the references to specific job classifications.
Disciplinary action will normally follow a progressive discipline model that is designed to correct inappropriate conduct on the part of employee. As long as it is not arbitrary and capricious, the Superintendent may skip one or all steps in the progressive discipline model. Discipline, including termination, may occur for any other reason depending upon the seriousness of the offense, the particular facts and circumstances surrounding the incident(s), and the employee’s record of prior disciplinary actions. Any support staff that are suspended without pay or discharged shall be given written notice of the reasons for such action. A copy of such notice shall be made a part of the support staff’s personnel record. Instances of discipline are subject to the employee grievance procedure. See Board Policy 527, Grievance Procedure, for issues that are subject to the formal Grievance Procedure.

Not all disputes are covered by the formal Grievance Procedure. Employees with concerns that cannot be addressed in the Grievance Procedure are encouraged to promptly discuss their concern(s) with their supervisor and if, after discussion, the issue remains unresolved, employees are encouraged to prepare a written report, indicating the specific relief being requested and asking for a written response from their supervisor. If the dispute remains unresolved following this step, employees may forward their report, and their supervisor’s written response, to the Superintendent for review and recommendation.

The Superintendent, in conjunction with the building principal and/or supervisor, is responsible for the assignment of all support staff in conformance with any legal requirements or certification requirements. Every effort will be made to issue assignments for the forthcoming school year no later than the end of the previous school year. However, circumstances may arise that cause the Superintendent/supervisor to delay issuance of any or all assignments. Should this occur, the Superintendent/supervisor will inform the affected support staff no later than the end of the school year of the delay and issue the assignments as soon as practicable. After assignments are issued, changes may be necessary and the Superintendent/supervisor’s decision shall be final.

The District retains the right to determine whether and when to recruit outside applicants. Support staff may resign in accordance with the terms of his/her employment contract. PAYROLL INFORMATION

Unless the annual exception is requested, all support staff will be put on the school year payroll cycle (20 paydays) and paid on the 7th and 23rd of each month, September through June. Food Service employees will be paid on an hourly basis during the school year. If a payday falls on a holiday or weekend the pay date will be the last work day preceding the holiday or weekend.

Pay is subject to all deductions required by law, federal tax, Social Security, Medicare, and state and local income taxes, as applicable. The amount of the deductions will depend on earnings and information furnished on individual W-4 forms regarding the number of exemptions claimed. If an employee wishes to modify the number of exemptions, he/she must complete a new W-4 form and turn it in to the Business Office. Only an employee may modify his/her own W-4 form. Verbal or written instructions are not sufficient to modify withholding allowances. Support staffs are encouraged to regularly check their pay-related information on the online Employee Portal.

The annual W-2 form reflects how much of an employee’s earnings were deducted for these purposes. Any other mandatory deductions to be made from paychecks, such as court ordered garnishments, will be explained whenever the District is ordered to make such deductions. Questions about pay and deductions should be discussed with the Business Office.

All support staff shall have their pay checks (after all appropriately authorized amounts have been deducted) directly deposited into a designated bank account(s) of the employee’s choosing. Any changes to direct deposit information may be made by notifying the Business Office. Direct deposit changes may take up to two payroll periods to take effect.

It is the District’s policy to comply with applicable wage and hour laws and regulations. If you have any questions or concerns about your status or you believe that any deduction has been made from your pay that is inconsistent with your status, you should immediately raise the matter with the Business Office who can assist you in understanding the information that is required in order to investigate the matter. The District is committed to investigating and resolving all complaints as promptly, but also as accurately, as possible within a reasonable period of time. If an investigation reveals that you were subjected to an improper deduction from pay, you will be reimbursed and the Employer will take whatever action it deems necessary to ensure compliance in the future.

Deferred compensation programs allow eligible employees to save and invest before-tax and after-tax (Roth) dollars for retirement. Employees will be permitted to have their contribution remitted via payroll deduction to WDC.

Section 125/Flexible Spending Account
The District will provide an Internal Revenue Service authorized cafeteria plan/flexible spending account (FSA) under applicable sections of the Internal Revenue Code (§ 105, § 106, § 125 and § 129) to permit employees to reduce their salary and contribute to an FSA to cover the following expenses:

---

8 Is everyone eligible?
a. Payment of insurance premium amounts (IRC § 106);
b. Permitted medical expenses not covered by the insurance plan (IRC § 105)
c. Dependent care costs (IRC § 129) subject to the limitations set forth in the Internal Revenue Service Code.

Payments and the designation of amounts to be contributed to the employee's account will be subject to the procedures, rules and regulations of the plan's administrating agency. The provision of this plan shall be contingent upon the continuance of this benefit under the applicable Internal Revenue Code Sections (§ 105, § 106, § 125 and § 129).

VOLUNTARY RETIREMENT

The Board may provide, at its sole discretion, a post-retirement benefit for eligible support staff, and reserves the right to modify or terminate this benefit at any time.

Support staff must meet all of the following requirements in order to access the early retirement benefit:

a. Must have been employed the equivalent of fifteen (15) years of full-time employment as a support staff in the School District of Altoona;
b. Must submit a written, voluntary letter of retirement to the Superintendent no later than March 1 of the school year at the end of which the support staff will retire;
c. Must achieve at least the minimum age of fifty-seven (57) on or before July 1 of the year of retirement.
d. Eligible retirees shall be paid twenty-five percent (25%) of the accumulated sick leave at the wage rate in effect at the time of retirement. This payment is not to exceed a maximum of $2,500.

This section will be rewritten for other support staff when appropriate.

TIME OFF AND LEAVES

PAID LEAVE DAYS

Each support staff will have access to his or her paid leave balances through the Employee Portal. Paid leave may be taken in quarter-day increments. The responsibility for applying for and claiming leave rests with the support staff. In all cases of absence, it is the responsibility of the support staff to contact his/her principal/supervisor in a timely manner.

Paid Leave Bank (Sick, Bereavement, Emergency)

Sick Leave

Effective July 1, 2013 part-time support staff working less than 1,235 hours will not receive additional sick time. Employees hired before this date will keep their current accumulation only.

Yearly sick leave credit of ten (10) days shall be granted to the full-time support staff (pro-rated accordingly for part-time employees who work more than 1,235 hours) on the first day the support staff reports to work for the contract year. Sick leave will accumulate to a maximum of one hundred (100) days.
Support staff beginning work after the first day of the contract year shall receive a pro-rated amount of sick leave. Support staff who leave the District’s employment prior to the completion of his/her contract year shall have a pro-rated amount of sick leave removed from his/her account; if the support staff has exceeded his/her account total, then the amount exceeded shall be deducted from the final amount of salary due to the support staff.

Sick leave shall cover necessary absences from duty because of personal illness, bodily injury, hospitalization or surgery. Sick leave may be used to care for a member of the immediate family. Immediate family shall be father, mother, brother, sister, spouse, domestic partner, child, father-in-law, mother-in-law, sister-in-law, brother-in-law, grandparent and grandchildren.

It is expected that whenever possible medical or dental appointments for the employee or family member be scheduled outside of regularly scheduled work hours. When appointments cannot be scheduled outside of the regularly scheduled work hours, support staff are expected to return to work after the appointment if the time frame permits them to do so. When support staff intends to be absent for a medical/dental appointment or other non-school business for less than a quarter of a day, the support staff may avoid use of sick leave if the support staff makes arrangements with a colleague for coverage and notifies the principal/supervisor of the arrangements in advance of the absence; if the principal/supervisor, school office, or substitute is used to provide a substitute, then the support staff will be charged with a half-day of sick leave if the absence is limited to either before lunch or after lunch, and a full-day of sick leave if the absence includes time both before and after lunch.

In the event an employee becomes eligible for benefits under the District's long term disability insurance program, the employee will no longer be allowed to use sick leave or accumulated sick leave.

Whenever the District deems such verification appropriate, the support staff may be required to furnish the District with a certificate of illness signed by a medical provider verifying the reason for the absence. Such certificate should include a statement releasing the support staff to return to work and a statement as to whether any limitations or restrictions are placed upon the work which may be performed. Nothing in this section shall be interpreted as limiting the District's ability to discipline or discharge employees for excessive absenteeism.

When applicable, State and Federal FMLA shall run concurrently. For employees eligible for Federal FMLA, the District may require use of applicable accrued paid leave while taking FMLA leave; for employees only eligible for State FMLA, the employee may request, but the employer may not require, substitution of applicable accrued paid leave.

Compassion Clause: Sick leave days may be given by support staff to another support staff upon written notice by both employees to the District Business Office. Staff members can give one day for every 10 days accumulated, to any staff member that has used all their sick days. The days given are for sick and emergency purposes, not for personal reasons. Once the days are given, they cannot be taken back.

No more than 30 days can be given to an individual employee in a given school year. Extenuating circumstances will require Board approval.

**Bereavement Leave**
Support staff shall be granted Bereavement Leave in the event of a death in the family or close
relationship. Bereavement Leave shall be deducted from the employee’s Paid Leave Bank. It is the support staff’s responsibility to submit the appropriate form to his/her principal/supervisor in advance of taking such leave. Support staff that access Bereavement Leave consisting of multiple days for the same death shall confer with his/her principal/supervisor in advance for the purpose of maintaining smooth school operations in his/her absence. The District may require proof of the death, the relationship, travel itineraries, or other documentation from the support staff whenever the District deems such verification appropriate.

Emergency Leave
In the event of an emergency not covered by illness in the family as indicated in the Sick Leave section or death as indicated in the Bereavement Leave section, the support staff may apply for Emergency Leave to be granted by the Superintendent. Emergency Leave shall be deducted from Paid Leave Bank and will be granted only if sufficient evidence is submitted to satisfy there is a compelling reason for absence. Usually this leave will be granted only under extraordinary and uncontrollable circumstances. These circumstances will usually fall under the classification of an unforeseen nature that could not possibly be foreseen by the employee, such as damages to the support staff’s residence or vehicle caused by fire, flood, tornado, or other unforeseen emergency.

Personal Day
One (1) contracted day per school year will be granted to support staff working more than 1,235 hours per year for personal matters which require absence during a work day. A Personal Day is defined as leave from a regular work day to conduct personal business which cannot be conducted outside the regular work day. Personal leave is accumulative to a maximum of three (3) days.

After five (5) years of continuous service to the District the support staff will be granted two (2) personal leave days per school year with an accumulation to three (3) days.

Requests for Personal Days must be made by email to the immediate Supervisor as early as possible but not less than two (2) days prior to the day requested. If the event which gives rise to the request is unknown at that time, such request must be made as soon as the employee becomes aware of the necessity for this leave and can reasonably communicate with the building principal or supervisor. All personal leave days require supervisor approval and are granted/denied at administrator’s discretion.

Typically, no more than two (2) support staff in a building or five (5) support staff in the District may use a Personal Day on the same day. No Personal Day leaves will be granted on the first or last week of school, on the day before or after a holiday, or on an inservice or Parent-Teacher Conference day.

Up to two (2) unused personal days may be paid out at year-end at $75 per day.

Chaperone Day
Support staff whose child is enrolled in the Altoona School District may apply for the equivalent of one (1) paid day per child per year, allocated in half-days, to serve as a field-trip chaperone, classroom assistant, or participant in a school-sponsored activity in which the child is involved. This day is non-accumulative and is in addition to the annual Sick Leave and Personal Leave allocation. Application for such leave shall be made in accordance with the rules and limitations of the Personal Leave calendar and shall require submission of the appropriate form.

Administratively-Approved Leave
A support staff may request Administratively-Approved Leave (with or without pay) for absences not covered under Sick Leave, Personal Leave, Bereavement Leave, or Emergency Leave provisions. Paid Administratively-Approved Leave shall access the support staff’s Sick Leave account. Unpaid
Administratively-Approved Leave shall include payment by the support staff of daily benefit costs after three (3) continuous leave days. This leave and the conditions thereof, including compensation, shall be at the discretion of the Superintendent whose decision shall be final and without appeal.

Requests for Administratively-Approved Leave shall be made with the appropriate form at least 15 days prior to the absence if advance notice is available. In the event that 15 days advance notice is not available, the support staff shall be responsible for submitting the appropriate form as soon as the information is available. Administrators retain full discretion to grant or deny said request.

**Jury Duty and Witness Duty**
Where a support staff is absent as a result of performing jury duty or acting as a witness in a matter on behalf of the District, the support staff will be paid his/her full salary provided that all payments, less mileage, due the support staff for performing jury duty shall be endorsed to the District. Support staff shall report to work if released from jury duty or the witness stand when at least a half-day remains in the scheduled work day. Support staff are required to submit proof to verify the amount of the payment and/or their requirement/request to appear.

**National Guard Duty**
Where a support staff is absent due to required service in the National Guard or Reserve, the support staff will be paid his/her full salary for a period of up to five (5) days for such absence, barring any overriding provision by the state or federal government. This leave will be granted without any deduction from the support staff’s Sick Leave account, provided that the support staff endorses to the District all payments by the military for the days covered by paid leave from the District.

**Military Leave for Active Duty**
Support staff will be granted a military leave of absence for absences from work due to serving in the U.S. uniformed services in accordance with the Uniformed Services Employment and Reemployment Rights Act (USERRA) and state law.

**Military Caregiver Leave and Exigency Leave**
Military Caregiver and Exigency Leave will be provided to qualifying employees in accordance with applicable law and regulations.

**FAMILY AND MEDICAL LEAVE ACT**
Eligible support staff may have access to absences covered by the federal Family Medical Leave Act (FMLA) and the Wisconsin Family Medical Leave Act (WFMLA). Questions regarding FMLA leave should be directed to the District’s Business Office.

**LEAVES OF ABSENCE**
Employees may request, and the District will consider, leave requests after the support staff has exhausted applicable accrued leave. Such leave requests will be considered on a case-by-case basis.

RE:    Recommendation to add a 4 hour aide position

We are excited to start the new schedule at the high school which includes Rail Time (interventions/enrichments) at the end of each day for students. In conjunction with the new schedule, we have included time for teachers to meet in their PLC’s (Professional Learning Communities). Because of these positive changes we are in need of a 4 hour aide to supervise some of our study halls and also provide Aventa online learning support. Thank you for your support and we look forward to increasing student success and opportunities.

About the Project:
This project entails the installation of user keypad (or keyfob reader) on copiers for the purpose of tracking use and the resulting costs
- Expected return on investment: 2-4 years
- Installation will occur before school begins

We are currently in year 4 of a 5-year contract with EO Johnson for copying and printing services.
