Student Wellness

Policy

Maine Regional School Unit #16 School Board recognizes that student wellness and good nutrition are related to students' physical and psychological wellbeing and their readiness to learn. The RSU #16 School Board is committed to providing a school environment that supports student wellness, healthy food choices, nutrition education and regular physical activity. The RSU #16 School Board believes that students who learn and practice healthy lifestyles in their formative years may be more likely to be conscious of the importance of good nutrition and lifestyles in their formative years may be more likely to be conscious of the importance of good nutrition and exercise as adults, practice healthy habits, and reduce their risk of obesity, diabetes and other chronic diseases.

Nutrition Standards

The school unit will ensure that meals provided by its Food Services Program meet the nutrition standards established by federal regulations.¹ Sales of foods and beverages that compete with the school lunch program (and/or school breakfast program) must be in compliance with the Smart Snack regulations.

Assurance

This policy serves as assurance² that school unit guidelines for reimbursable meals are not less restrictive than regulations and guidance issued by the Secretary of Agriculture pursuant to the National School Lunch Act and the Child Nutrition Act.

Nutrition Education

Nutrition education will be integrated into the instructional program through the health education program and/or the curriculum as aligned with the content standards of the Maine Learning Results. Nutrition education should focus on the skills students need to adopt and maintain healthy eating behaviors. Students should receive consistent nutritional messages throughout the schools, including classrooms, cafeteria, and school-home communications. It is the philosophy of the RSU #16 School Board that teachers, staff, and community members will not use food as an award.

Physical Activity

The school unit will strive to provide all students developmentally appropriate opportunities for physical activity through physical education classes and extracurricular activities (clubs, intramural and interscholastic athletics). Recognizing the importance of physical activity and understanding its link to improved school performance Teachers and other RSU #16 staff and community personnel will not use physical activity or withhold opportunities for physical activity during the day as punishment. Loss of recess shall not be used as a consequence for issues unrelated to recess behavior or unless participation would cause a student to be a danger to himself/herself. School programs are intended to build and maintain physical fitness and to promote healthy lifestyles. The schools should encourage parents to support their children's participation in physical activities, including available before- and after-school programs.

Other School-Based Wellness Activities

The schools, with prior approval of the Superintendent/designee, may implement other appropriate programs that support consistent wellness messages and promote healthy eating and physical activity. RSU #16 School Board may

The Wellness Policy will be posted on the District website and communicated annually to keep students, parents, staff, and the community informed of wellness initiatives.

District to conduct an assessment of the wellness policy every three years, at a minimum, to determine:

- * Compliance with the wellness policy;
- * How the wellness policy compares to model wellness policies;
- * Progress made in attaining the goals of the wellness policy.

Wellness Goals

The RSU #16 School Board has identified the following goals associated with student wellness:

Goals for Nutrition Education

- The schools will provide nutrition education that focuses on the skills students need to adopt and maintain healthy eating behaviors.
- The schools' nutrition education will be provided in a sequential, comprehensive health education program aligned with the content standards of the Maine Learning Results.
- Nutrition education will be integrated into other subjects as appropriate to complement, not replace, the health education program.
- The school unit will provide foods that meet or exceed the federal nutrition standards, adequate time for students to obtain food and eat, lunch scheduled at appropriate hours of the day (OR: as close to the middle of the school day as possible), adequate space to eat, and a clean and safe meal environment.
- Consistent nutrition messages will be disseminated throughout the school unit in the classroom, the cafeteria, and school-home communications.
- Administrators and staff will be encouraged to model nutritious food choices and eating habits.
- Appropriate professional development will be provided for food services staff.

Goals for Physical Activity

- The physical education program will provide students with the knowledge and skills needed to be physically fit and take part in healthful physical activity on a regular basis.
- Students will develop motor skills and apply them to enhance their coordination and physical performance.
- Students will demonstrate responsible personal and social behaviors in physical activity settings. The physical education curriculum will be aligned with the content standards of the Maine Learning Results.
- Physical education classes will keep all students involved in purposeful activity for a majority of the class period.
- Physical education classes will provide opportunity to learn for students of all abilities.
The schools will provide a physical and social environment that encourages safe and enjoyable physical activity and fosters the development of a positive attitude toward health and fitness.
The schools will provide facilities adequate to implement the physical education curriculum for the number of students serve.
- Schools will promote efforts to provide opportunities for students to engage in age-appropriate activities on most days of the week in both school and community settings.
- The schools will provide opportunities for physical activity through a variety of before- and/or after-school programs including, but not limited to, intramural sports, interscholastic athletics and physical activity clubs.
- Appropriate professional development will be provided for physical education staff and other staff involved in the delivery of such programs.

Goals for Other School-Based Activities

- Goals of the wellness policy will be considered when planning school or classroom parties, celebrations or events.
- Parents will be encouraged to provide nutritionally sound snacks from home and food for classroom parties or events.
- Schools will encourage maximum participation in school meal programs.
- Schools will encourage parents and students to take advantage of developmentally appropriate community-based after-school programs that emphasize physical activity. The schools will encourage parents to support their children’s participation in physical activity, to be physically active role models, and to include physical activity in family events.
- As feasible, school physical activity facilities will be made available after school hours for student, parent and community use to encourage participation in physical activity. School administrators, staff, parents, students and community members will be encouraged to serve as role models in practicing healthy eating and being physically active, both in the school environment and at home.
- Student organizations will be encouraged to engage in fundraising projects that are supportive of healthy eating and student wellness.
- School-based marketing of foods and beverages, such as through advertisements in school publications, school buildings, athletic fields, and other areas accessible to students should support the goals of the wellness policy. Brand-specific advertising of food or beverages is prohibited in school buildings or on school grounds except for food and beverages meeting standards for sale or distribution on school grounds in accordance with rules adopted under subsection 12. For the purposes of this subsection, “advertising” does not include advertising on broadcast media or in print media such as newspapers and magazines, clothing with brand images work on school grounds or advertising on product packaging.
- The schools are encouraged to cooperate with agencies and community organizations to support programs that contribute to good nutrition and physical activity.
