Immunization of Students

All students who enroll in the RSU #16 schools are required by Maine law to present a certificate of immunization or evidence of immunization or immunity against poliomyelitis, diphtheria, pertussis (whooping cough), tetanus, measles, mumps, rubella and varicella (chicken pox).

Non-immunized students shall not be permitted to attend school unless one of the following conditions are met:

- A. The parents/guardians provide to the school written assurance that the child will be immunized within 90 days of enrolling in school or his/her first attendance in classes, whichever date is earlier. This option is available only once to each student during their school career; or
- B. The parents/guardians provide a physician's written statement each year that immunization against one or more diseases may be medically inadvisable (as defined by law/regulation); or
- C. The parents/guardians state in writing each year that immunization is contrary to their sincere religious or philosophical beliefs.

The Superintendent/designee shall exclude from school any non-immunized student when there is a clear danger to the health of others as provided by law.

The Superintendent/designee is directed to develop such administrative procedures as are necessary to carry out this policy and comply with statutory requirements.
