

RSU #16 (Mechanic Falls, Minot, Poland)

Policy Code: ADF

Adopted: February 2005

Revised: October 2010

Commitment to Learning Results

The RSU #16 School Board hereby adopts Maine’s system of Learning Results. The Learning Results System is intended to serve as a foundation for education reform and to promote and provide assessment of student learning, accountability and equity. The RSU #16 School Board recognizes that the legislative intent of the Learning Results System is to provide children with schools that reflect high expectations and create conditions where these expectations can be met.

The RSU #16 School Board understands that implementation of the Learning Results System and the mandate to provide all students with equitable opportunities to meet the content standards of the system of Learning Results have broad implications for the schools, including curriculum, budget, professional development, student assessment, professional evaluation and graduation requirements. Therefore, the RSU #16 School Board is committed to examining its policies and school system practices to ensure that they are consistent with the intent and goals of the Learning Results System. This will require a concerted and coordinated effort involving the RSU #16 School Board, the Superintendent, administrators, teachers, parents/guardians, students and the community.

The RSU #16 School Board directs the Superintendent to develop a plan and timeline for implementing the learning results system, and any appropriate administrative procedures. The RSU #16 School Board further directs the Superintendent or designee to report to the RSU #16 School Board on at least an annual basis on the progress toward implementing the Learning Results System.
