Aventura City of Excellence School
Student Acceptance of Responsibility and Device Use Agreement Form
For Personally Owned and Network Computing Devices

I, _____ agree to let _____ participate in Aventura City of Excellence School's (ACES) Bring Your Own Device (BYOD) program and allow them to bring their personally owned computing devices for instructional use at ACES. I understand that the student named above will be permitted to use their personally owned devices subject to the conditions of this agreement and the Student Network and Internet Acceptable Use and Safety Policy presented in ACES Parent/Student Handbook and at www.aventuracharter.org/byod.

I understand that if I agree to allow my student to use their own device that ACES and/or the City of Aventura are not responsible for any lost, stolen, or damaged device, data loss, fraud, infection, damage or other associated costs of replacement or repair incurred during the school day or at home as a result in the participation in this program. I understand that ACES Staff will be unable to store, support, troubleshoot or charge student owned devices. The student named above will take full responsibility for the device and will appropriately secure it when not in use.

ACES uses technological measures such as filtering to promote Internet safety. Filtering limits the student's ability to access harmful Internet sites from any device connected to the ACES network, but only when the equipment is used in school on the ACES network. Access through cellular networks does not provide the same measure of filtering. Students should only use the ACES network, not private cellular service, for Internet access while on ACES property.

I have verified my student is aware that all aspects of ACES Student Network and Internet Acceptable Use and Safety Policy, Miami-Dade School Board Policy 5500 - Student Code and Discipline, Board Policy 7540.03 – Student Network and Internet Acceptable Use and Safety, and District Codes of Student Conduct, and Board Policy 5517.01 prevents cyber-bullying, applies to the use and care of their personal device while on ACES property or while involved in any ACES sponsored events or activities. I am responsible for ensuring personal devices use security applications to protect them from infection and to prevent them from spreading infections.

I understand that the purpose of allowing my student to use their own device is to participate in teacher approved activities in support of ACES curriculum. Further I understand that my child may be recorded as part of a classroom assignment. Use of these devices for unrelated activities beyond or outside of ACES educational programs are prohibited and my student's device(s) may be confiscated.
