

**Ms. Rausch's
After School Baton Program
September 2018 – May 2019**

Baton twirling is a sport that involves manipulating a metal rod while creating movements with your body. It is a great activity for children because it helps develop spatial awareness, fine motor skills, eye-hand coordination, flexibility, poise, and stamina.

Your child will learn the basic and fundamental skills of baton twirling while incorporating dance movements in these classes. Your child will also participate in the ACES Annual Talent Show in May 2019.

Students will be required to purchase a baton from www.americanbaton.com.

* More information regarding purchasing a baton will be sent home once registration is complete.
