STEAM ROTATION

ACES

WHAT IS STEAM ROTATION?

This introductory to project-based curriculum clusters two STEAM programs in each session. Throughout the school year, we will rotate classes such as Robotics, Coding, 3D Modeling, Animation & more. We will introduce your child to different projects in one 5-week session. No prior knowledge or equipment is necessary for any class. Our programs are designed to excite students about STEAM and experience that STEAM has to offer in various components. **Open to Boys & Girls K-5th**

CLASS MIN : 6 KIDS

CLASS MAX : 16 KIDS
