Girl Scouts Are Beginning

Calling ALL GIRLS IN GRADES K-5! Come sign up @ TVES on Oct. 3 from 3pm-5pm in the lobby at the main entrance. They are in need of adult volunteers as well. Cost is \$40 for Girls and \$25 for volunteers (they need to register with Girls Scouts of America). Financial aid is available. If you have any questions before registration please contact Liz Inderieden at 802-464-8489.

Mount Snow

Once again, Mount Snow is pleased to offer complimentary youth season passes to local children in kindergarten through sixth grade. In order to receive the season pass, families must complete and return an order form No later than November 20th. You can pick up an order form in the school office.

FastBridge

In our continued effort to identify where student's skills are related to their learning goals, we will be using FastBridge, a screening tool. This assessment will be used in conjunction with classroom assessments to determine student progress towards reading and math goals. If you have questions about the FastBridge screening tool, please contact your child's teacher.

A Typical Thursday at the Farm

By TVES fourth grade students

September, 2019

Where did we go to harvest the BEST carrots in the world... Boyd Farm. Twenty -eight fourth graders experienced the hard work of harvesting carrots at the farm.

We did several chores We picked carrots and then we washed carrots. We also did a scavenger hunt to learn what they use and grow at the farm. The fun part about the farm is that we did a scavenger hunt. We got to write about the flowers. I liked looking at and learning about the different types of flowers.

I liked that we walked a lot. We walked down the road to the field and got drivers to honk their horns. Picking was kind of hard. I liked getting my hands dirty pulling carrots out of the ground. You pulled a whole bunch of carrots at a time. There were some big carrots!

I liked the farm because we go to wash and pick carrots and that was really fun! It's interesting how Bucky, DJ's dad, built the washing machine. He took a lawn mower tire up against the wheel. You have to put the carrots in the barrel and it spins and you have to spray the carrots with a pressure washer. I liked the smell of the

washed carrots. My favorite part at Boyd Farm was using the power washer because it is cool. If you stepped on the hose it would vibrate. We learned to tell if a carrot was good or bad so we could sort them. We got to eat some. It was hard, but fun work on the farm.

TVES received a grant from the USDA for the fourth grade to visit Boyd Farm four times this school year.
