Help the Caterpillars!

I am making mini envelopes filled with milkweed seeds. I got the seeds from the pods on the plants close to the school garden. If you would like an envelope you can contact Mrs. Pagie and say, "I would like a mini envelope, please". Teachers and parents are more than welcome to ask for them. I have already put some in teacher's mailboxes, but I am making more. I want to help the monarch caterpillars and get more monarch butterflies. Please help me by planting some milkweed.
