

Sparta Area School District

Article 159 – District Endorsement of Products and Services

No employee shall use the name of the school or school district, his/her position in the district, or school stationary to promote or sell products, services, or equipment; or to promote the activities of organizations not affiliated with the school district; or to solicit products, services, or equipment for their personal use. Endorsements of any kind may not be made unless the Superintendent in consultation with the building principal specifically in writing authorizes such activity.

This policy is not meant to regulate fund raising activities, but endorsement of these activities must be approved by the building principal.
