Sparta Area School District

Article 512 - Off-Campus Activities

All visits, tours excursions, field trips and the like which are properly planned and supervised by members of the professional staff or parents, and approved by the appropriate administrator shall be considered a part of the curriculum and a bona-fide school activity.

Such activities shall be conducted under rules formulated by the administrative staff subject to the approval of the School Board.

Students attending school affiliated functions will be expected to follow rules established by the administration and the chaperones. When transportation is involved, students are expected to comply with the bus riding rules and regulations. Should a student fail to report at assigned times, the chaperones would place a collect call to the parents or guardians and determine in this manner subsequent action. If no contact is made, the chaperone will make an on-site decision and inform his/her principal as soon as possible.
