Sparta Area School District

Article 613  Recycling for Sparta Area School District

The School Board deems it necessary to reduce, reuse, or recycle any and all material substances or services as prescribed by law, and in the best interests of the Sparta Area School District, both economically and ethically.

In accordance with State Law 1989 Wisconsin Act 335, Sparta Area School District, in cooperation with local 'responsible units' (municipalities) will establish a system for collecting and separating recyclables from solid wastes. Sparta Area School District will inform all users how to use the system, and will deliver or allow recyclables to be picked up for delivery to a recycling facility. See Administrative Rules - Section III - E.
