Educational Program

Series 600

Policy Title    Student Activity Program            Code No.  602.6

Participation in school activities is a privilege. School activities provide the benefits of promoting additional interests and ability in the students during their school years and for their lifetime.

It will be the policy of the Pleasant Valley Community School District that any student who participates in a school sponsored sport may participate in the same non-school sponsored sport during the same season with prior approval of the principal and/or the athletic director. Such outside participation will not conflict with the school-sponsored sport. Students in violation of this policy will be ineligible to participate in the school-sponsored sport for the remainder of that season. An athlete will indicate this request with the Head Coach and receive written administrative approval.

It is the responsibility of the superintendent to develop administrative regulations for each school activity. These regulations will include, but not be limited to, when physical examinations will be required, how and when parents will be informed about the risk of the activity, academic requirements, and proof of insurance on the student participating in certain activities. Students wanting to participate in school activities must meet the requirements set out by the school district for participation in the activity.
