Educational Program

Series 600

Policy Title  Progress Reports of Students  Code No. 605.1

Reporting Practices

The Board of Directors recognizes the following objectives or purposes of a system of student reporting practices:

- To monitor student progress
- To inform parents of the progress made by their children
- To record student growth and achievement.
- To develop collaborative relationships between the home and school in order to promote and foster student achievement

The Superintendent with assistance from the administrative and teaching staff will develop procedures for evaluating and reporting pupil progress to parents.

Parent-teacher conferences will be scheduled at all levels in the district.

Report cards will be issued in the junior high and the high school at the end of each of the four quarters of the school year. The elementary progress report will be issued in conjunction with parent teacher conferences and at the end of the school year. In addition, parents of K-3 students will receive diagnostic and assessment information relative to their child's reading performance.

At periodic intervals, the procedures will be reviewed by the professional staff.
The Board of Directors will have the responsibility of granting final approval of the procedures and their revisions.
