Building and Sites

Series 900

Policy Title  Lease, Sale, or Disposal of School District  Code No. 903.1

Buildings and Sites

Decisions regarding the lease, sale, or disposal of school district real property shall be made by the Board upon recommendation from the superintendent. In making its decision, the Board will consider the needs of the education program and the efficient use of public funds.

Prior to its lease, sale, or disposal, real property, unless otherwise exempted, shall be appraised. Prior to the Board’s final decision regarding real property a public hearing shall be held. The Board shall adopt a resolution announcing the proposed sale which shall contain notice of the time and place of the public hearing and the description of the property or locally known address. Notice of the time and place of the public hearing shall be published at least once, but not less than 10 days and not more than 20 days, prior to the hearing date. Upon completion of the public hearing, the Board may dispose of the property.

If the real property contains less than two acres, is located outside of a city, is not adjacent to a city, and was previously used as a schoolhouse site, the property may revert to the owner of the tract from which the property was taken following the procedures set forth in Iowa Code §§ 297.15-.25.

In the case of a sale or lease of school district real property not being used for the education program, unless otherwise exempted, advertisements for bids shall be taken. If the bids received by the Board are deemed inadequate, the Board may decline to sell or lease the property and re-advertise.
In the case of the razing of a school district facility, the Board will advertise and take bids, in compliance with state law, for the purpose of awarding the contract for the project.

The superintendent shall be responsible for coordinating the action necessary for the Board to accomplish the lease, sale, or disposal of school district real property, including student constructed buildings. It shall also be the responsibility of the superintendent to make a recommendation to the Board regarding the use of school district real property not being utilized for the education program.
